I hope your
Senior year will
be the best year
yet - last year wasn't
to bad though - not with
Frau Braun and that crazy
7th period German class. I
probably won't remember any
German after we graduate but I don't
think I could ever forget all the talking
you, Claudette and I did during class. I
want to thank you also for all the last minute
Algebra and English you crammed into my head during
homeroom every morning - I couldn't have made it
without the help. Good-luck always.

We, the LAMAR '73 yearbook staff, present our interpretation of the 1972-1973 school year.

We are the school, we belong to a class, we have our special groups, but just as important we are individuals. So we hope that the LAMAR '73 covers every happening, team, class, and organization of Lamar with special interest to each individual.

Cheryl,
To a really sweet girl who's loaded with brains. I hope we have as much fun this year as we have before. This is the last year we have together so let's make the most of it.

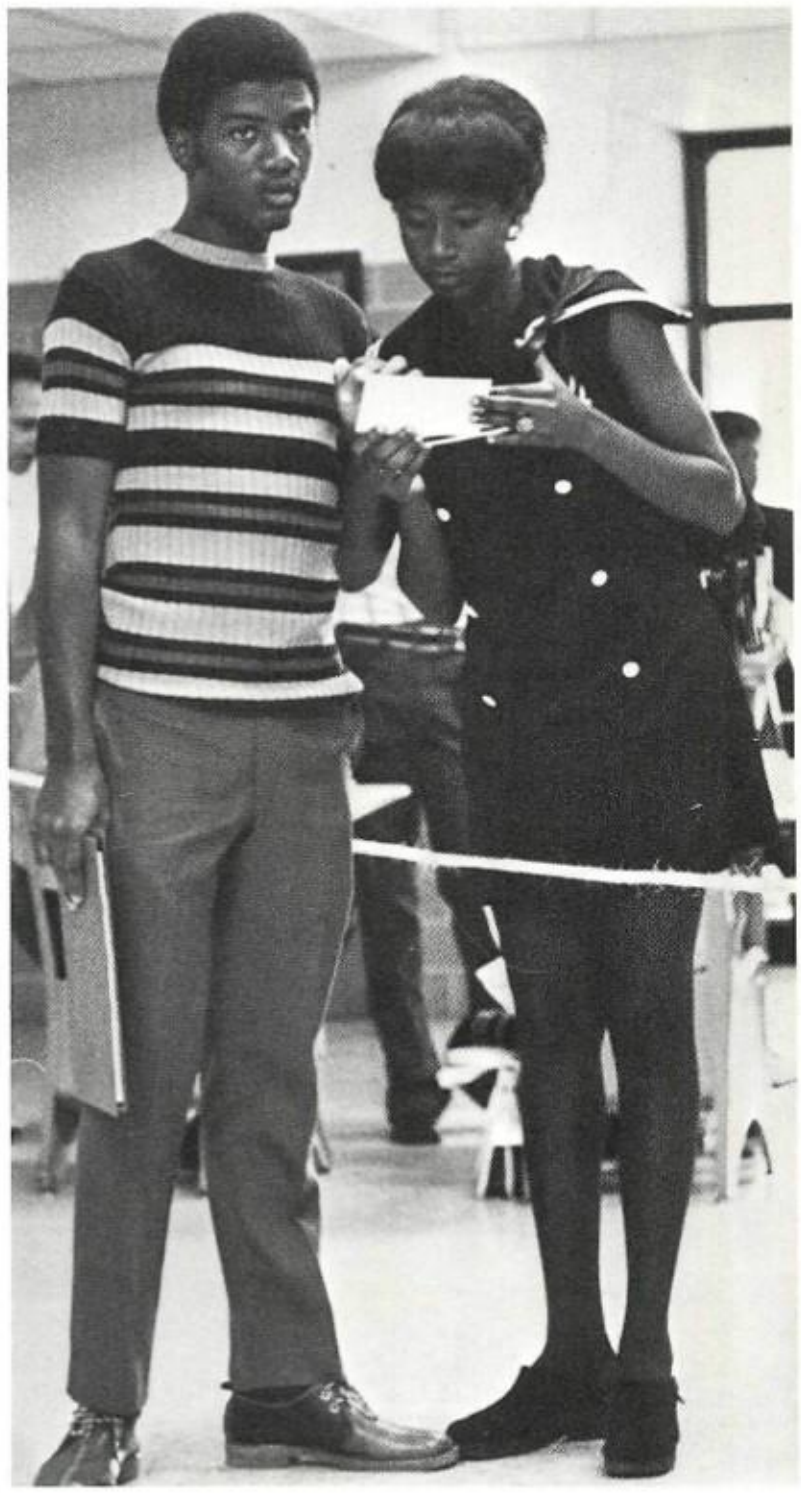
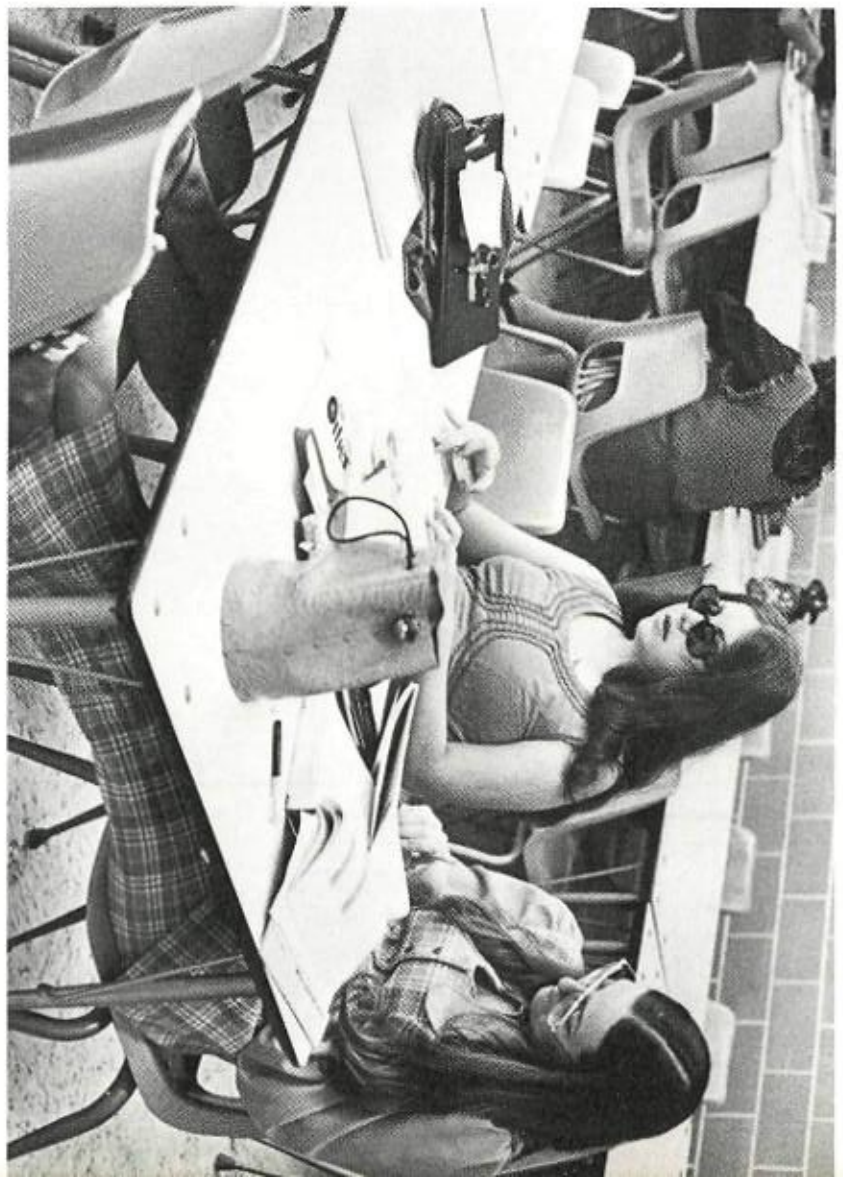
We had a blast in Frau Brown's room last year, & I'm sure we can make this year almost as much fun. German Club cheerleading was great, & I'm looking forward to doing it again this year. How 'bout you?

The anxiety of returning to school quickly disappears into the monotonous patterned routine of everyday school life.





Cheryl
You are such a fantastic person to have as a friend. I've really enjoyed doing all the crazy things we've done in the past. I hope this year is just as much fun.... or more!!!

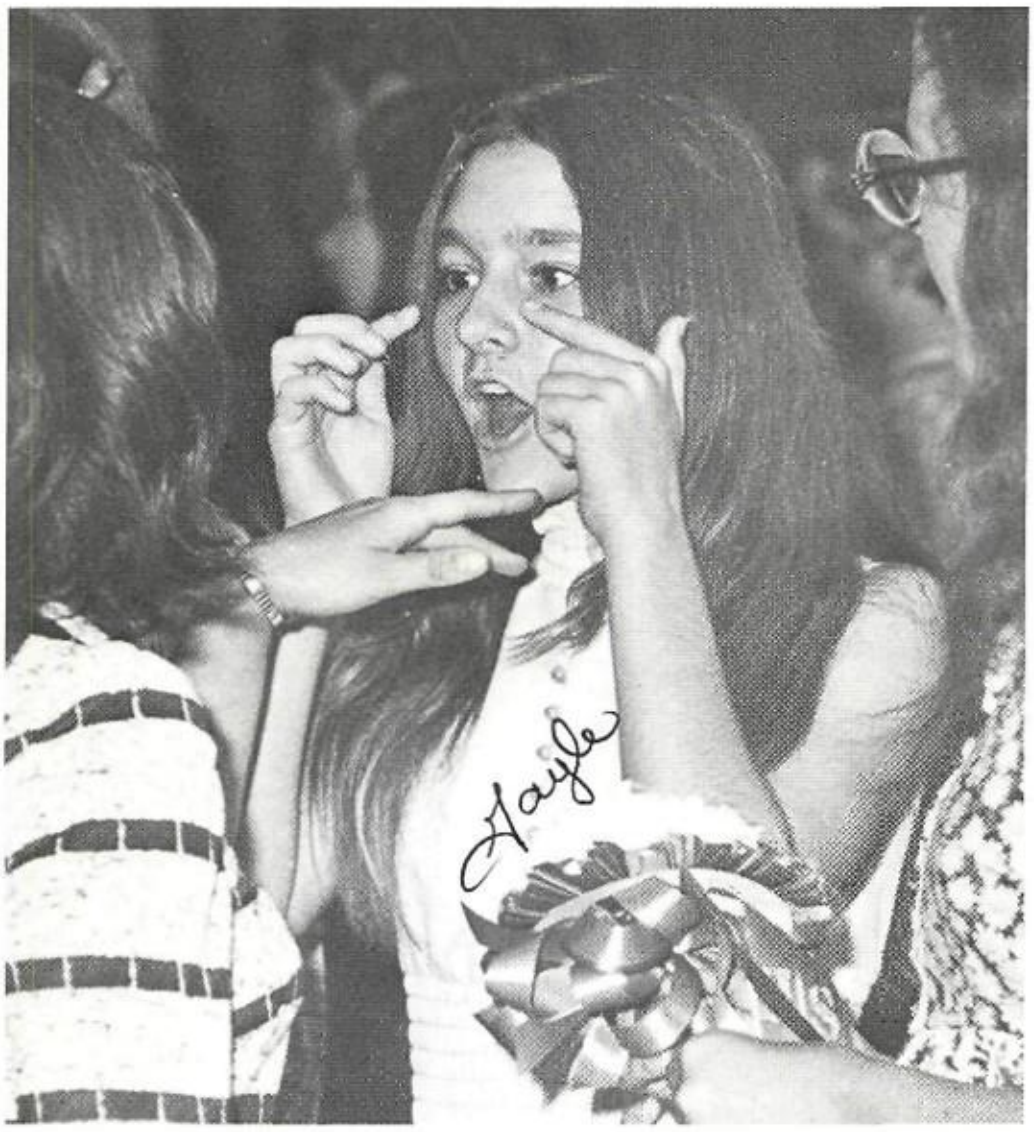
Did You Get A Meaningful Mum?



The crunch of metal sounded the beginning of Homecoming week. The outdoor pep rally and car bash sponsored by the cheerleaders and the Interact Club repectively, set the mood for the coming occasion.

Mums, dresses, and new hairstyles became the main interests for the girls, while the football boys contemplated on the big game which ended in such a bitter defeat.

The music of the Zap Rythm Band moved mixed emotions into motion at the dance following the game.

The 1972 Homecoming Court included: Queen Diane Turman (above), Princess Linda Newsome and Princess Rachel Cruz.

"Shaping Up Sessions"

The various stages of true "athletic spirit" is displayed in physical education participants. Measured by those everlasting stretchy jumps, strenuous exercises and lovable, breathless runs - the hidden talents of many prevail within the PE department.

But when that final satisfaction is reached, those aching, sore muscles throughout the body get the blessed moment of rest.

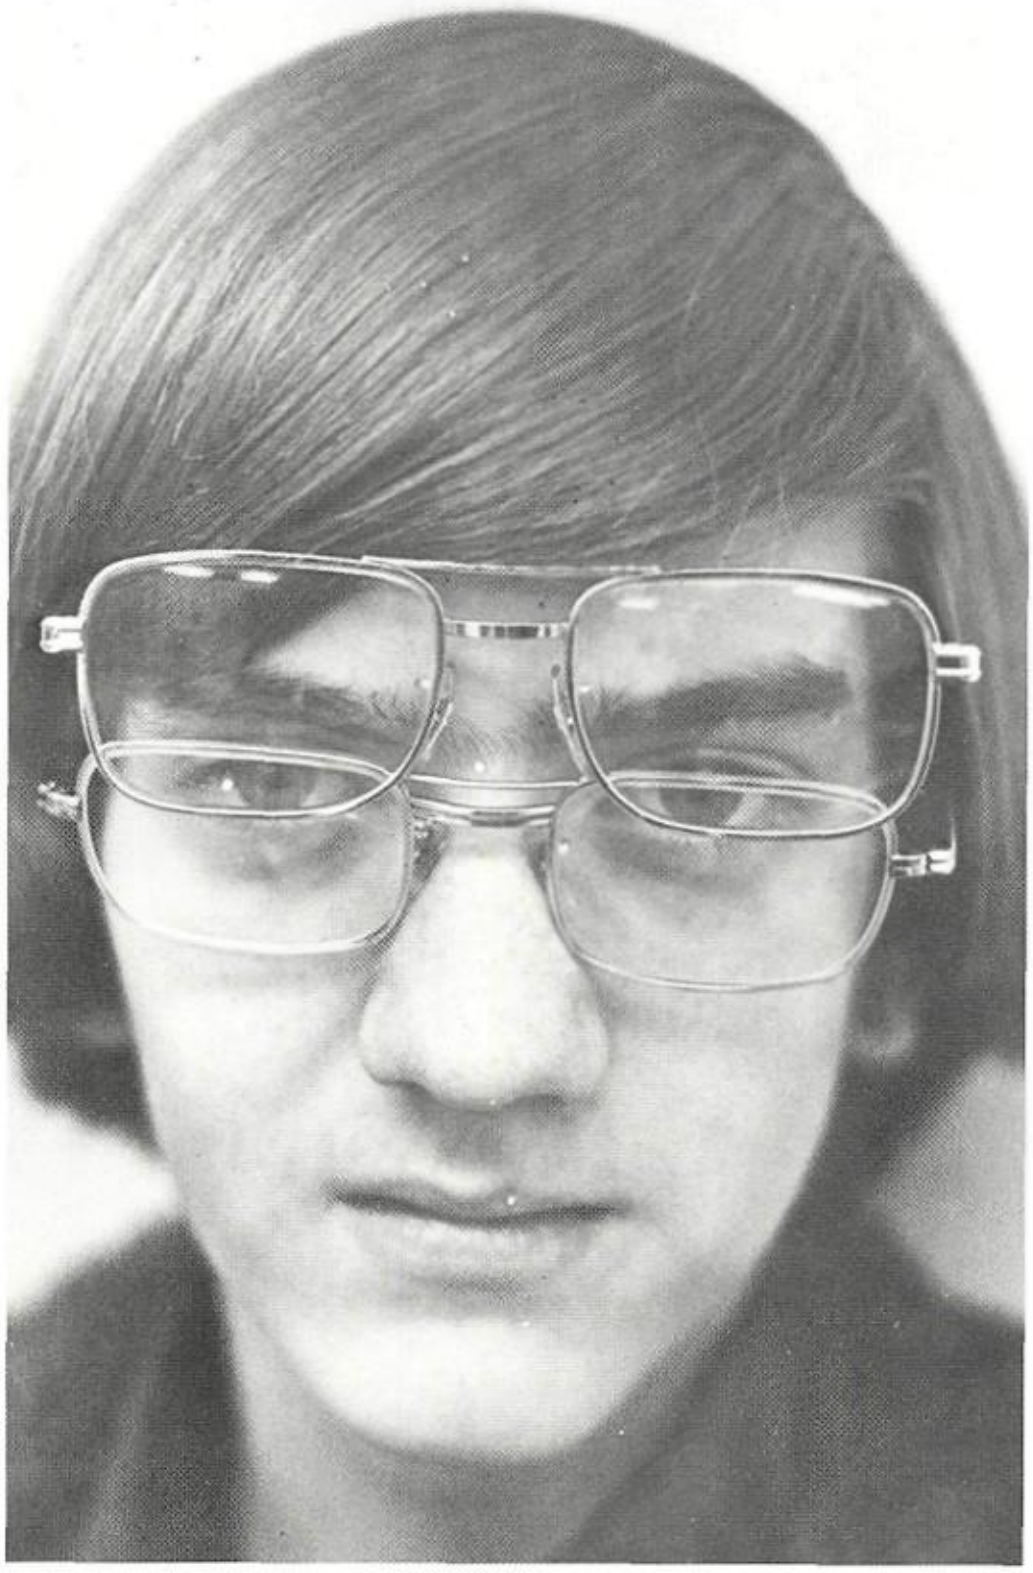
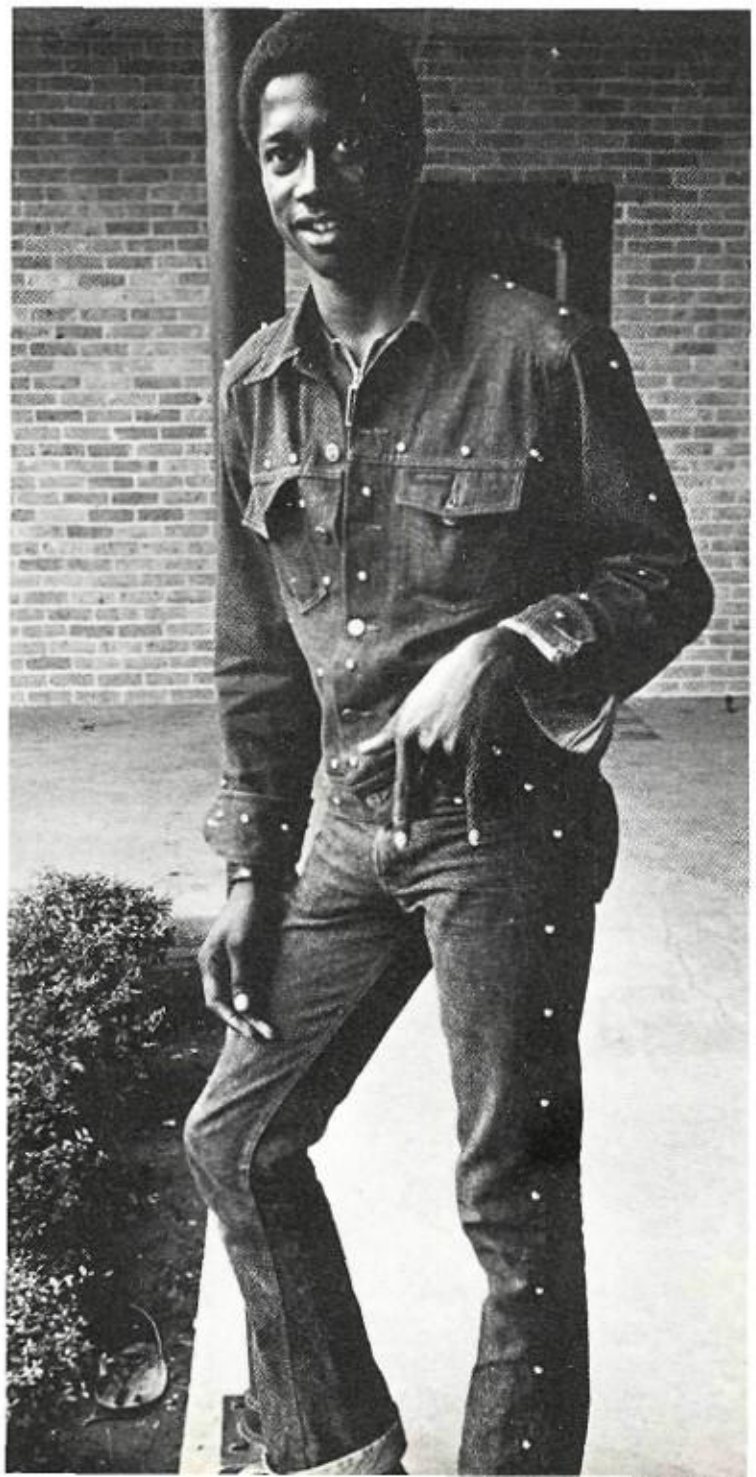
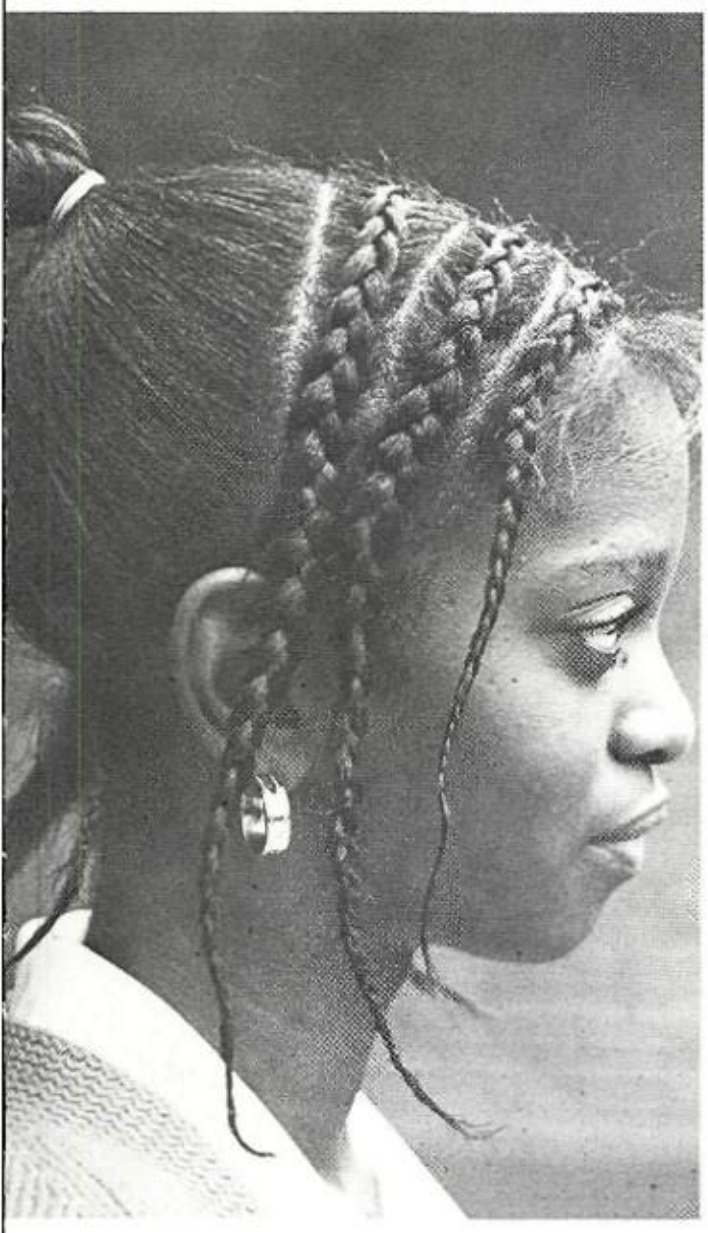
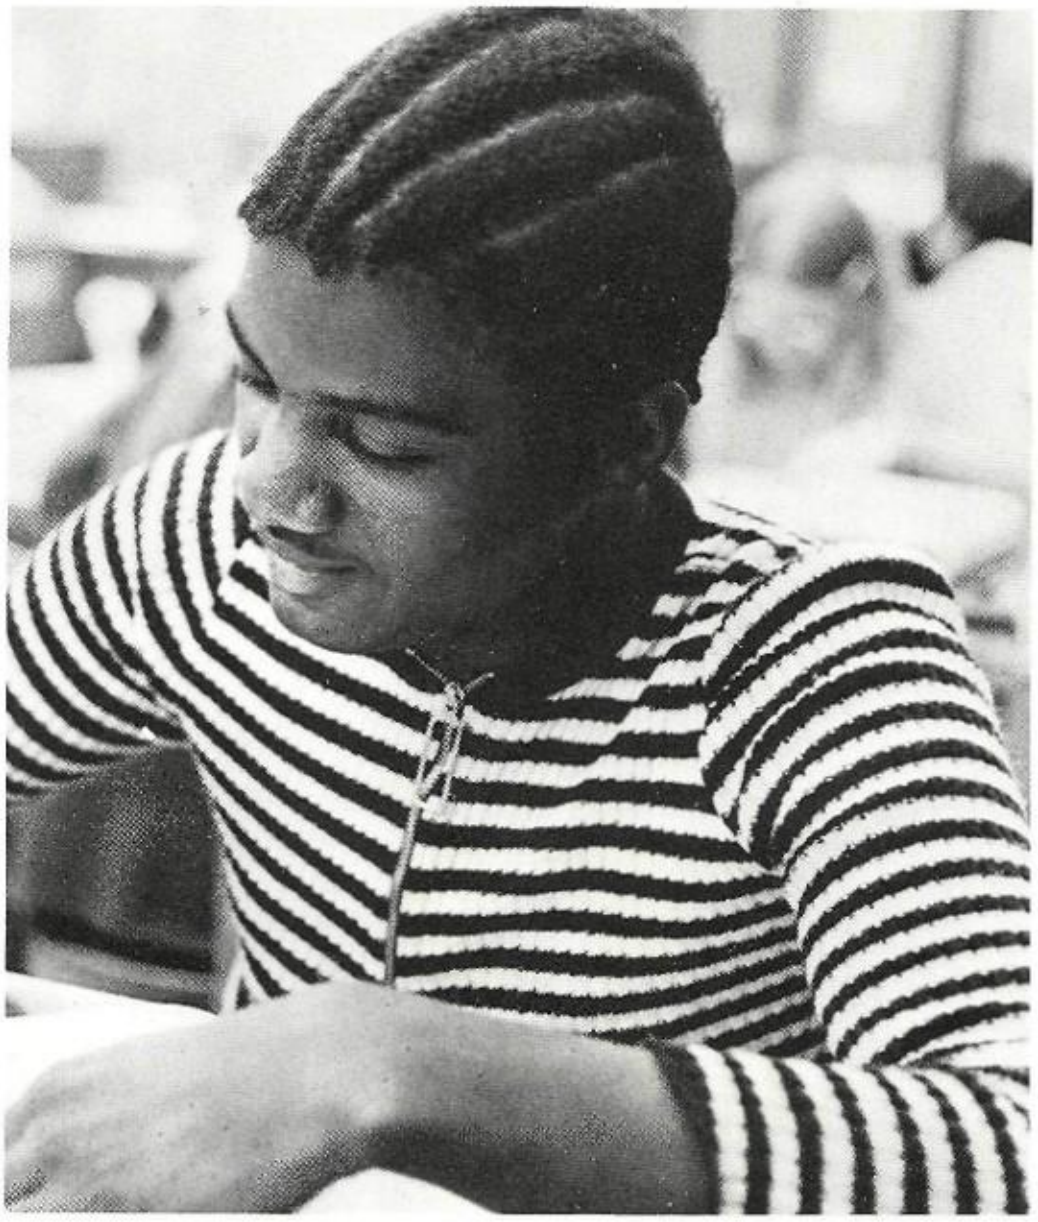
New fads and fashions is an annual thing. With the rediscovery of wire rims came starry studs, rows of hair braids, odd-looking shoes and even a pair from across the world.

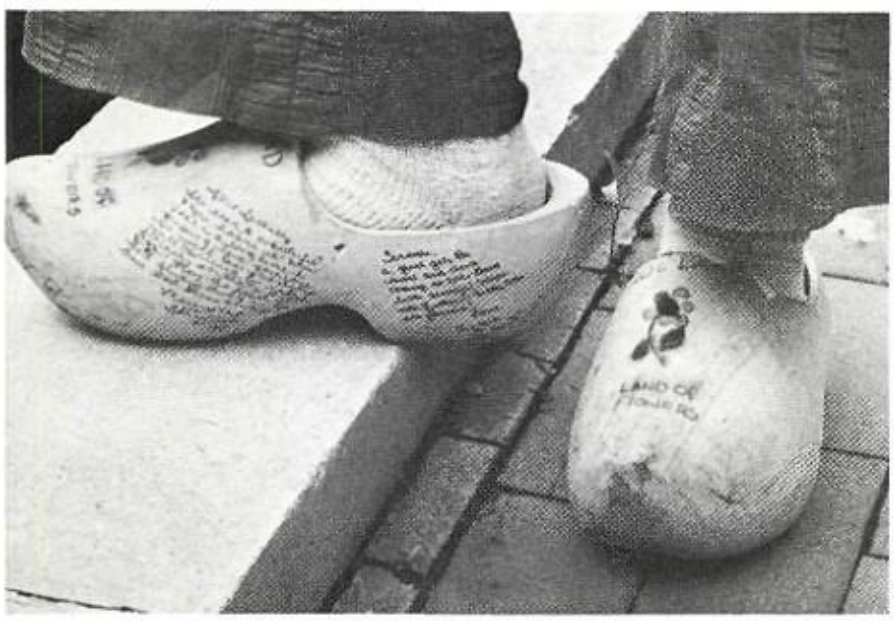
Hair goes to any and all extremes while watches simply turn up in all sorts of shapes and sizes.

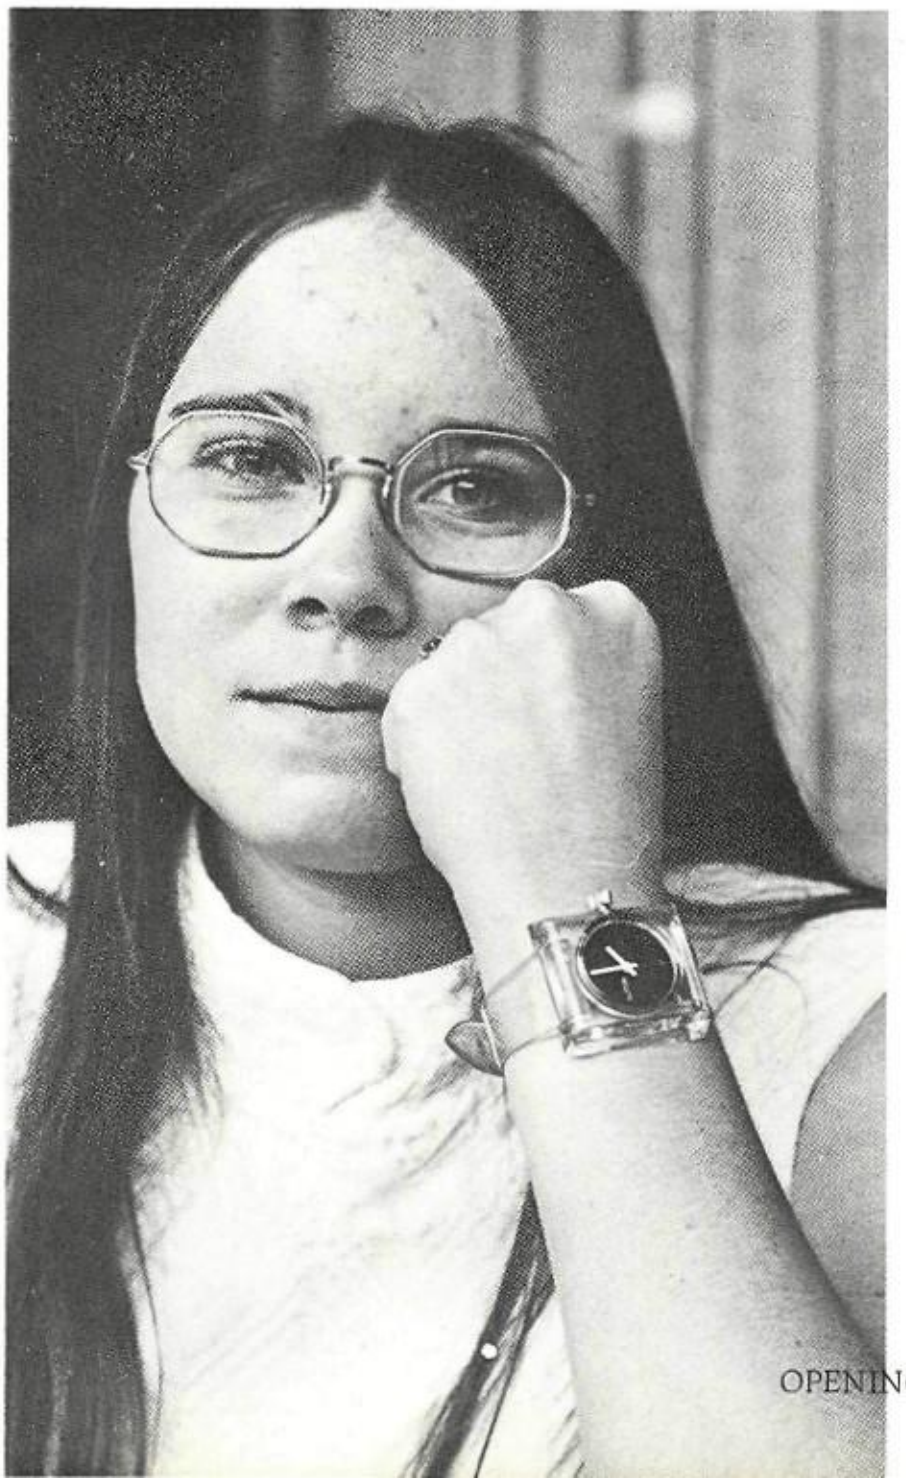












White Is Beautiful

Moments of dreams were stimulated by the return of fluffy, frozen snowflakes to the grounds of Lamar.

Sock-covered heads and frostbitten ears spent selected time satisfying their child-like desires.

But bundled up bodies soon returned inside to thaw and once again, the heavy coats and wraps of fur were stored awaiting the arrival of another white day.

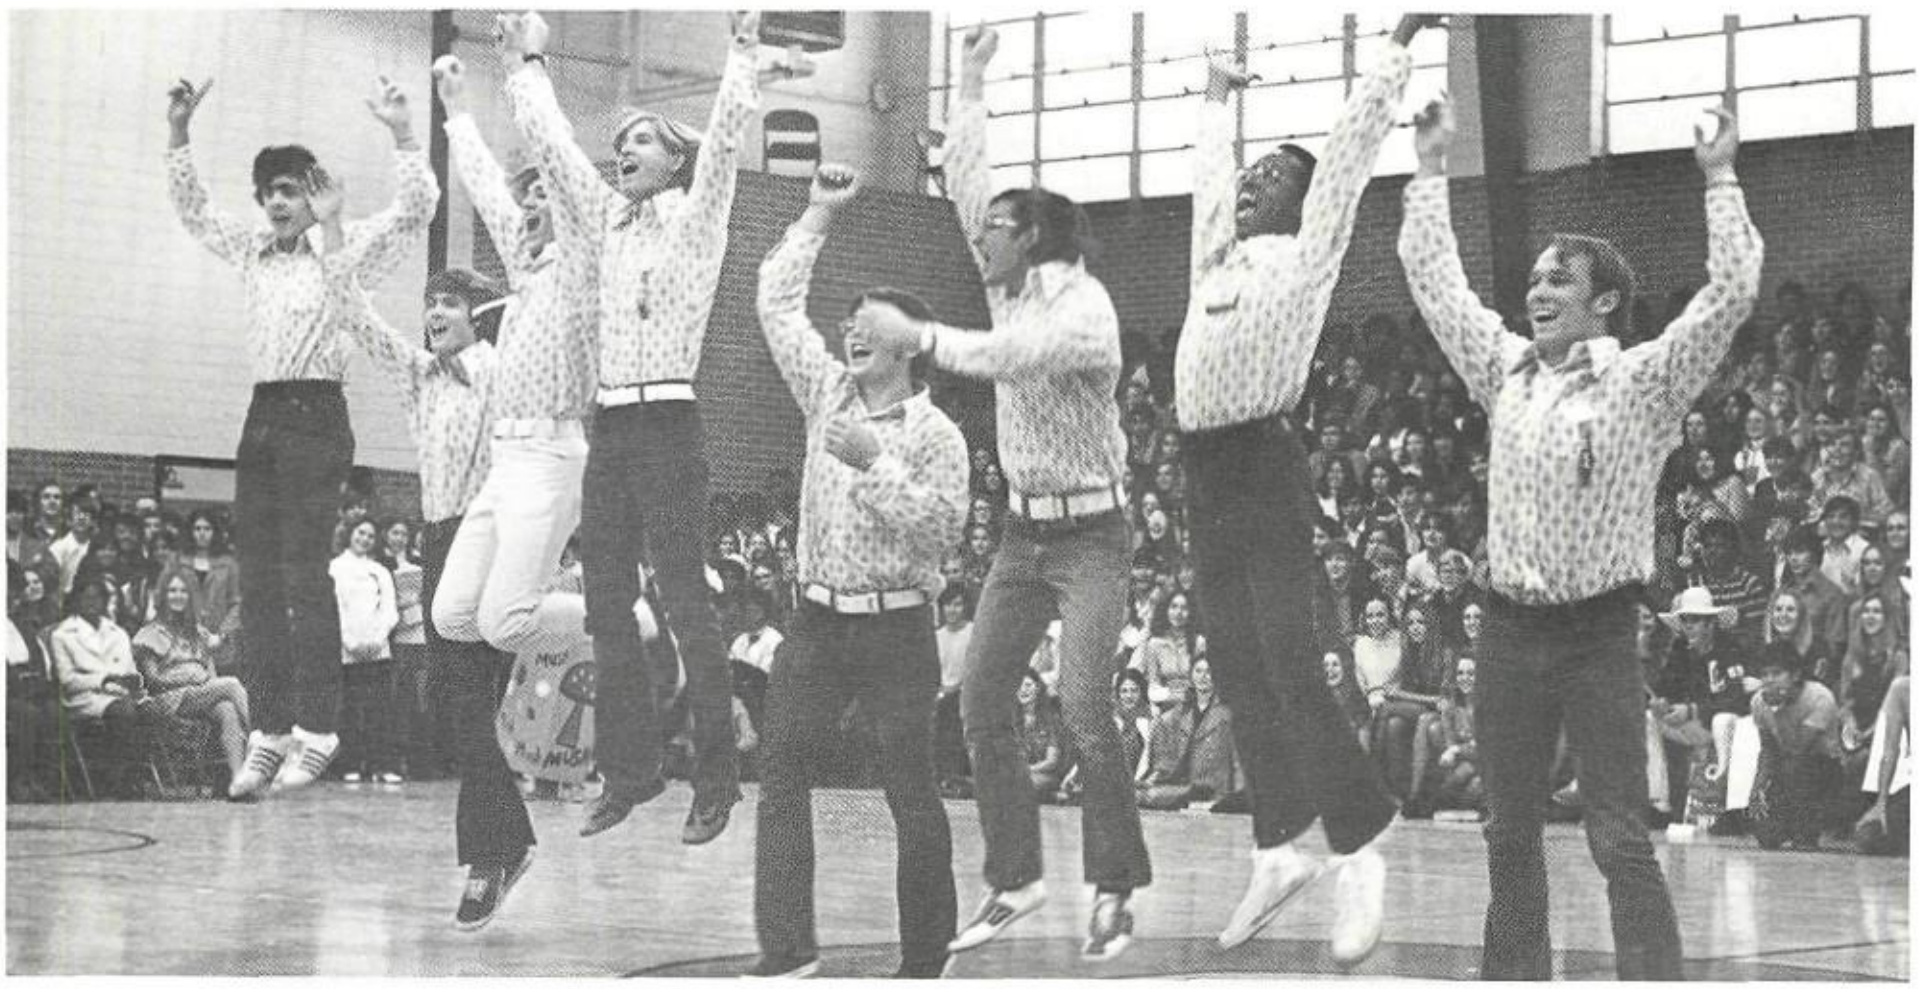
14-6 — Hail Super Chicks!

The battle between the female population at Lamar made its annual return when the Senior Super Chicks took on the Malicious Mushroom Juniors.

Preparation for the game began with a week of workout for the players where they were briefed on game strategy and secret techniques. Meanwhile both teams' cheerleaders and twirlers practiced on their various routines for the pep rally and half time shows.

The final score kept with the victory tradition as the Super Chicks stomped the Juniors. Once again the girls shed their femininity for a night in the spotlight.



The Senior cheerleaders jump high for a victory.

Final Moments At The

Remember those long hours of a school day. It is voting for that special person, waiting for those tardy bells, and even some farewell parties. But finally comes the wink of approval as the clock shows the little hand nearing that four. Empty halls and swept garages reflect the joy that silence is golden.

When you combine "Buccaneer Days" in Corpus, contests, concerts, parades, band barbeque and banquet, you have the Lamar Mustang Band. Band is filled with a little sweat from marching, the fun of pep rallies, rainy football games, long bus trips, the relief of finally taking off those hot uniforms, and best of all, moving into the new band hall. The Court Trial For Mustangs Lost

The 1972-73 basketball season brought many disappointments to the varsity cagers. Illness and injuries kept the starting lineup on the bench with sub-varsity players replacing them. A 15-17 record and a 4th place in the district are the records of the season that finished the high school careers of these five seniors: Mason Briscoe, John Bell, Cliff Randle, Allison Jackson and T. V. Miller. With a strong J.V. team moving up, and three returning lettermen, the Mustangs look forward to an outstanding team next year.

Varsity Tries For State

It was an outstanding year for the Varsity Volleyball team. With an undefeated district season, their hopes for State Championship were high. Spiking over Beeville at By-district playoffs and Alvin at Regional, gave them State Championship fever. At the State play-offs, Irving defeated them, so again a strong Mustang team had failed to acquire the State Championship trophy.

With half of the Varsity team and a strong J. V. team remaining, next year's hopes for State Championship are as high as this year's.

Mustangs Have Rough Season

The golf team chipped their way to third place this year. Compared with last year, they had a much better season. Although they did not place first in any tournaments, their record consists of several second, third, and fourth places.

Members of next year's team feel they have a good chance for winning district, for they are losing only one senior player this year, Frank Johnson. The remaining varsity members are: Joe Hinojosa, Tony Johnson, Robert Mullins, Lauro Villareal, and Jay Beard.

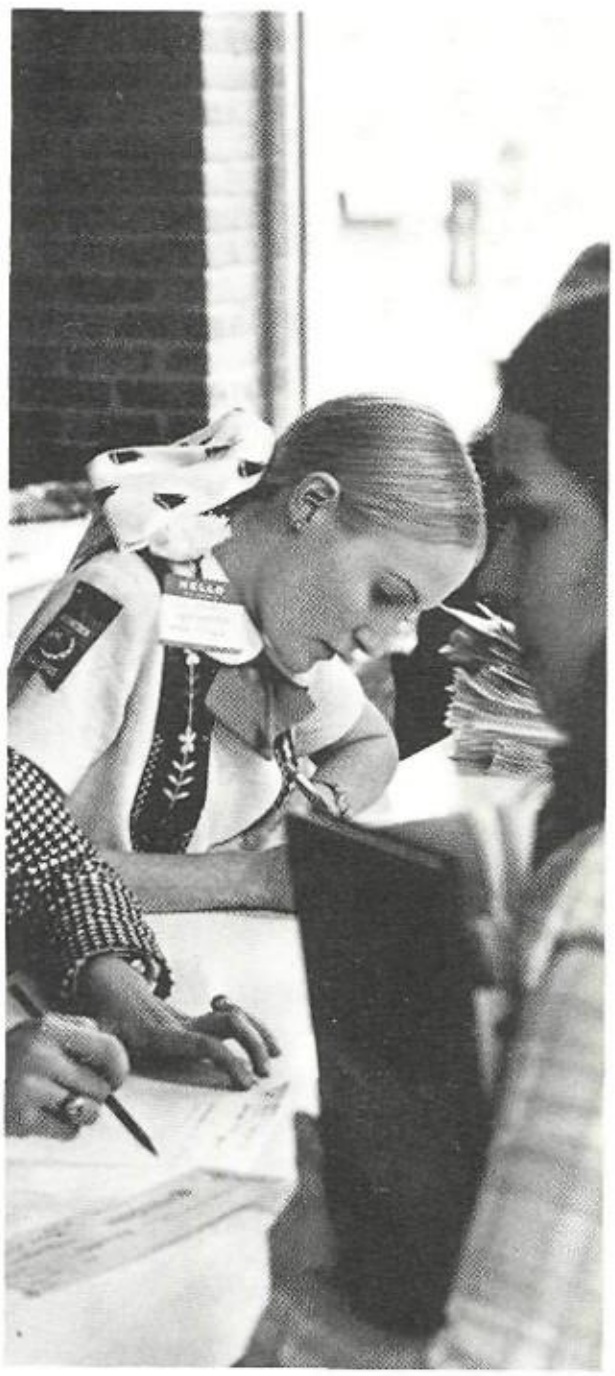
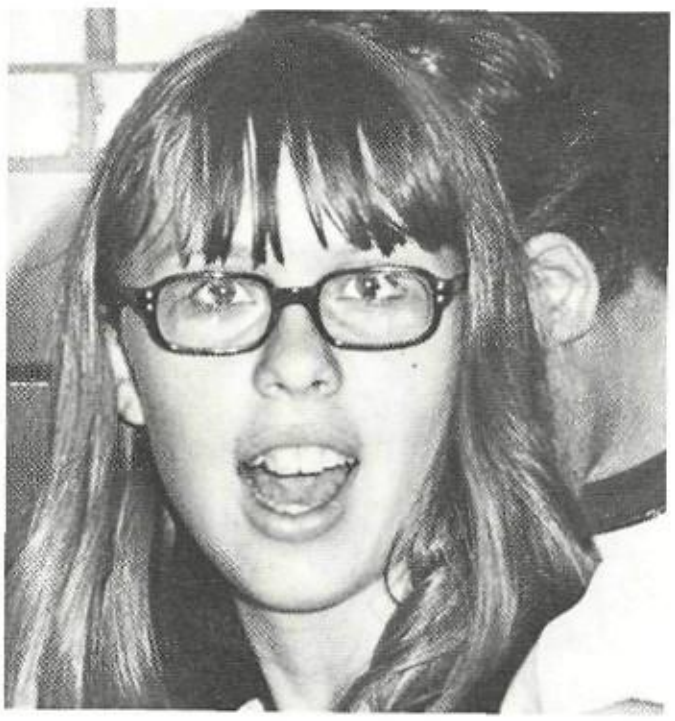
JAMES BALDWIN
NOBODY KNOWS MY NAME

Periodically the individual finds it necessary to group together with others like himself to unite toward a common goal. When this occurs, a common-interest group is formed; there are many of such

ORGANIZA-TIONS

at Lamar, and they involve the vast majority of the student body. Though they are different, Lamar's clubs have the same goal; to enrich and expand interests in their own particular fields. This is organizations; this is where the people are.





Student Council / puts forth concerted effort to make Lamar the best school possible

The busiest organization at Lamar is undoubtedly the Student Government, as proved by their various activities over the last two semesters. Besides its regular duties of holding meetings and visiting homerooms, the council has sponsored a ping-pong tournament, a film festival, the Christmas drive for the needy, and the District 7 TASC Convention, at which Lamar was elected district president for next year. Behind the scenes, the council directed elections, fire drills, and assemblies, and dealt directly with the administration on many important matters. Refer to club index for members.

Recognition of Lamar's top academic students is given by the National Honor Society. The club is comprised of students having sufficiently high grade point averages and fulfilling the goals of the club. Once in the NHS, members are subjected to a rigorous program of conventions, bake sales, initiations, projects, meetings, and presentations. The club is sponsored by Mrs. Antoinette Reading and will be co-sponsored by Mrs. Maxine Phelan next year. Refer to club index for members.

The NHS fall convention was held in Cuero, Texas.

Spanish Honor Society / offers a better way to make languages enjoyable

Entrance into the elite Spanish Honor Society can be gained by any student who is enrolled in Spanish II, III, or IV and who maintains a B or better average in all classes. The club, sponsored by Fred Taylor, has in past years travelled widely in Europe, and this year has participated in the Fort Bend County parade with a float for its officers. Fifty-five new members were initiated into the Society in March, and they, along with the old members, can be found in the club index.

The German Club / Offers a fast pace for those who like action

Diversity was the word for the German Club's activities; boredom found itself suppressed by bake sales, Civic Center get-togethers, holiday celebrations, and fleet-footed basketball games. Yet the club is not merely devoted to having fun, but to increasing knowledge of true German customs and ideas. Under Frau Brown's direction, success has been sweet. Refer to club index for members.

The organization is primarily a service club, and through its various activities has taught this value of service to its members. Sponsored by Mr. Stanley Kucherka and the Rosenberg Rotary Club, Interact has been involved in clean-up campaigns, basketball concessions, garbage can painting, and distribution, and parties. TARS meetings were held after school in the choir room.

"Involvement" is a keyword for Teens Aid the Retarded, a group of young people who are willing to give a portion of their life and a few minutes of their time to children a little less fortunate than they. Through various meetings after school, the TARS planned parties and get-togethers for the State School residents and held a five mile Walk-a-thon to raise money and get the community involved in helping the mentally retarded. According to TARS members, the personal satisfaction received from this club more than makes up for the sacrifices made.

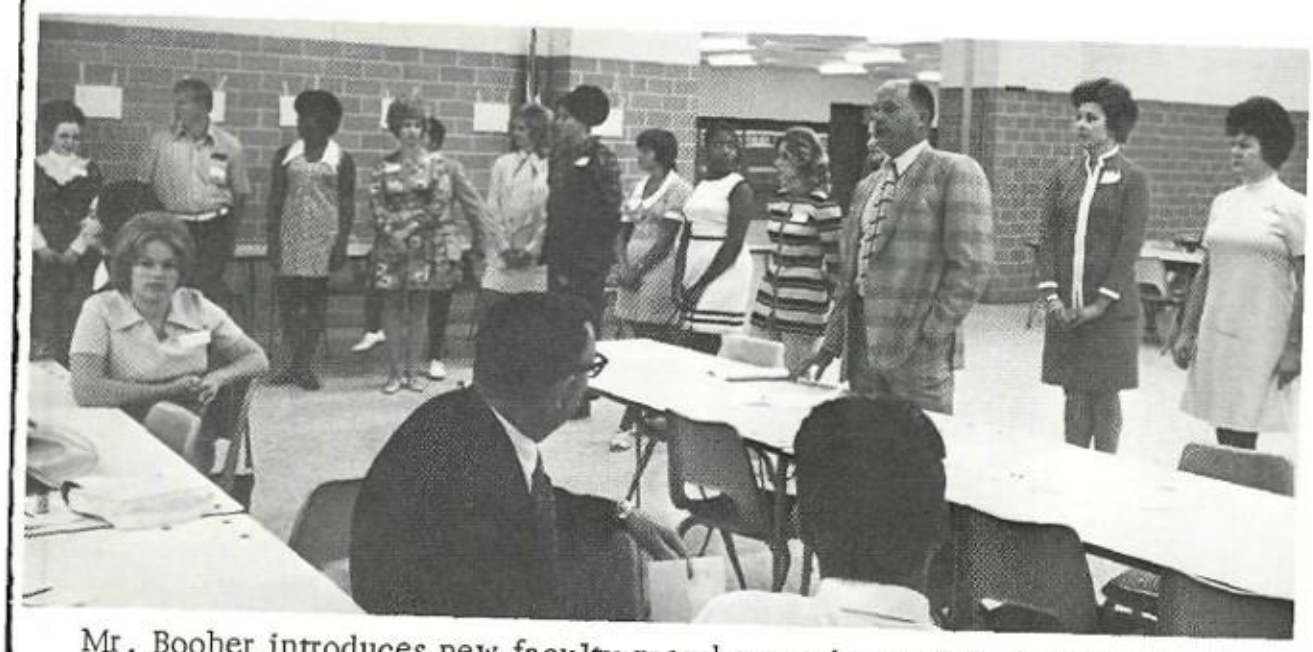
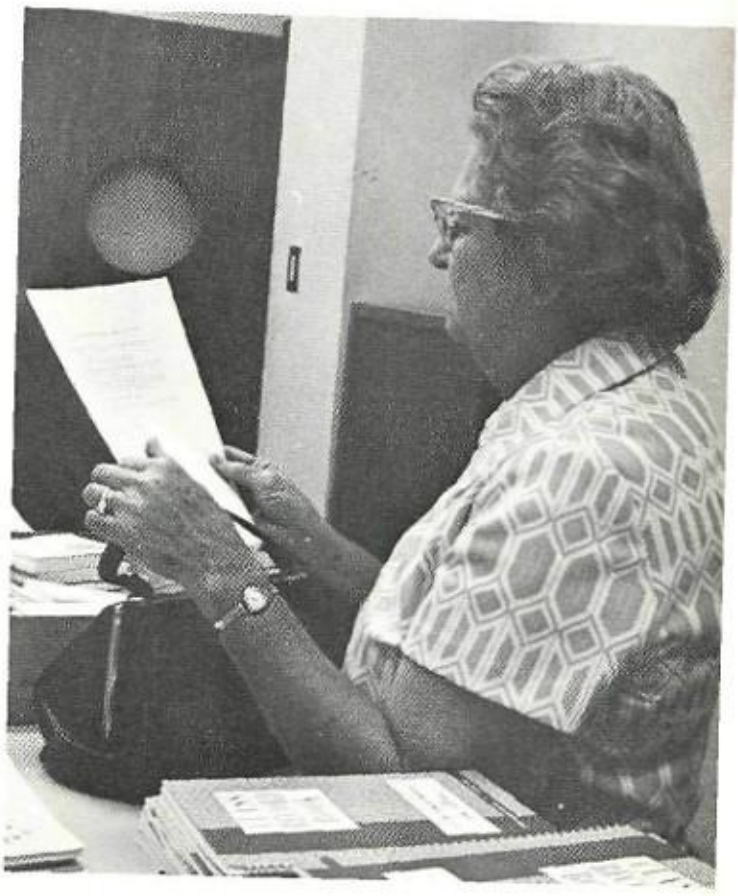
Preparation Initiates A New School Year



Mr. Booher introduces new faculty members at in-service, before school meetings.

In the mass confusion of school life, it is comforting to know there are some who stand steadfast, our faculty. From the beginning day of unfamiliar faces to the ending day of well-known students, each faculty member contributes his own talents to making a student what he is at the end of the year. In appreciation for this, the next 11 pages are contributed to the faculty of Lamar High School.

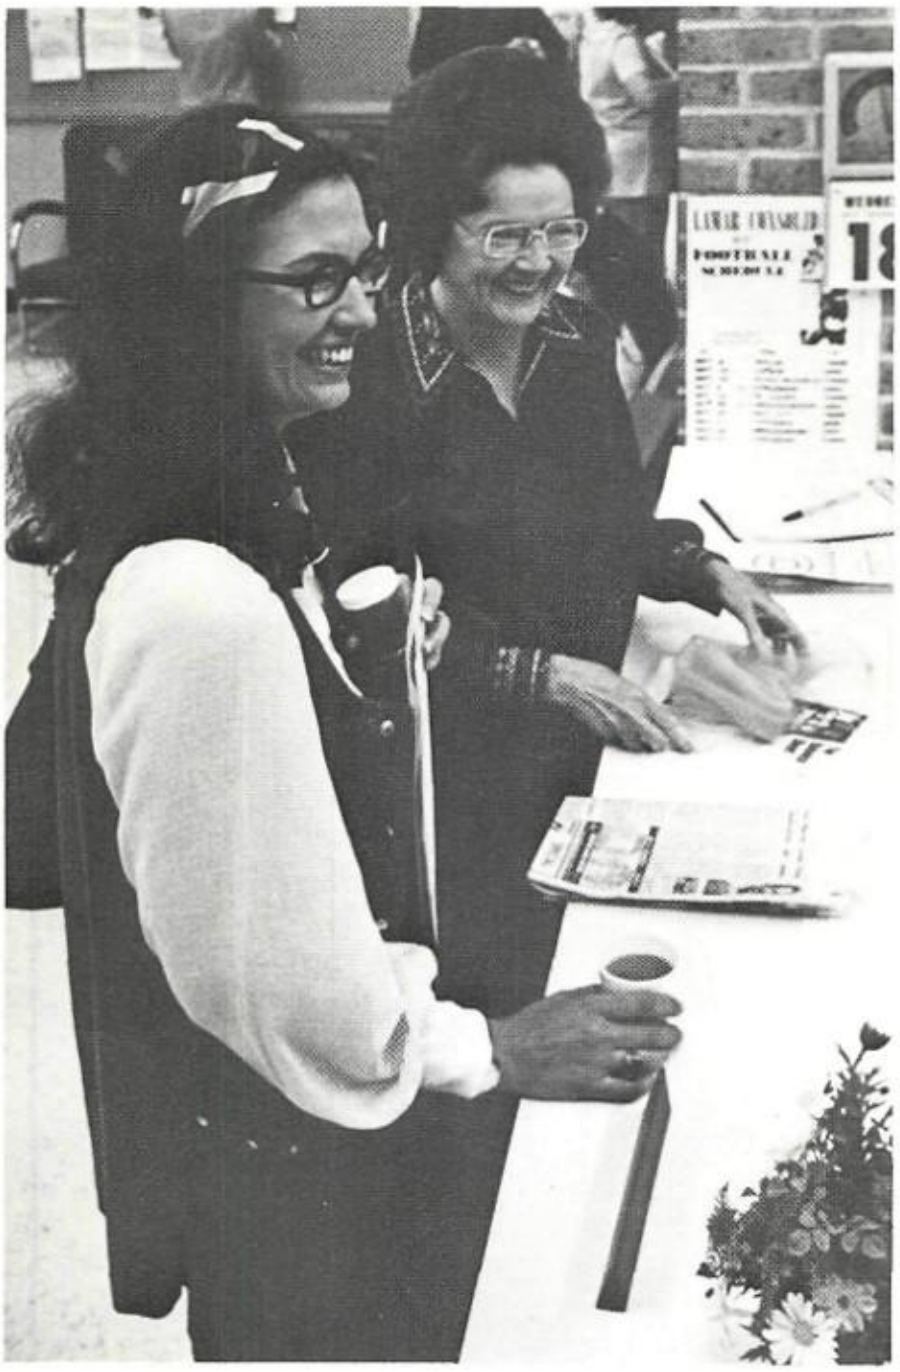


A Personal Insight Into Morning Events

Mrs. Phelan admires student display.

Mr. Ebell relaxes before a hard day.

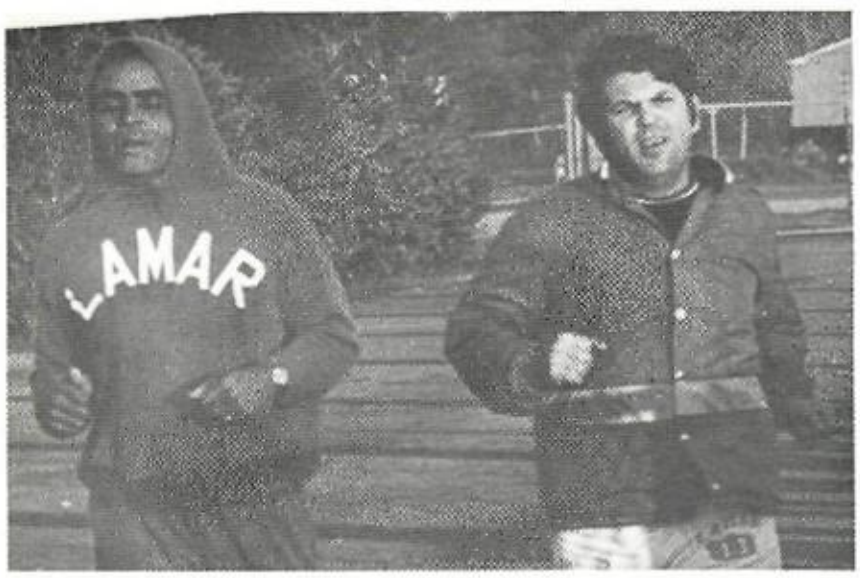
Mrs. Mireur prevents unwanted students from entering the halls in the morning.



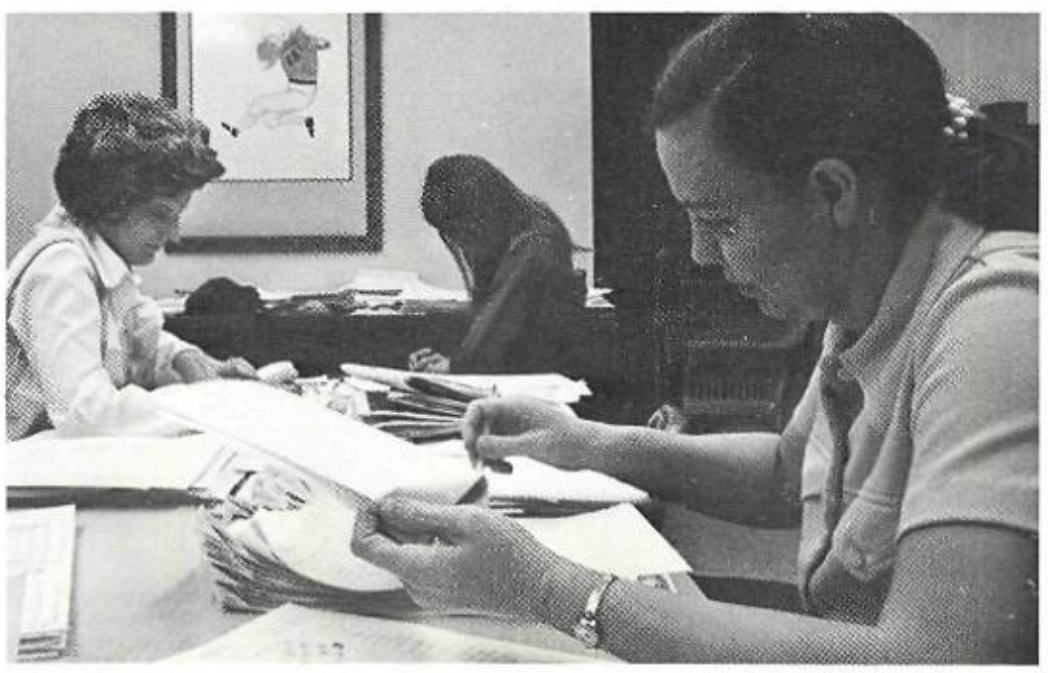
Retiring teachers Miss Bess Campbell (center) and Mrs. Lois Roach are honored at a teachers luncheon on their final work day. Principal Mr. Booher at podium and Mr. Traylor (retired) gave out gifts of appreciation.

Teachers' Versatility Brightens Up A Dull Day

You're not getting older, you're getting better.



Today the school, tomorrow the Olympics.

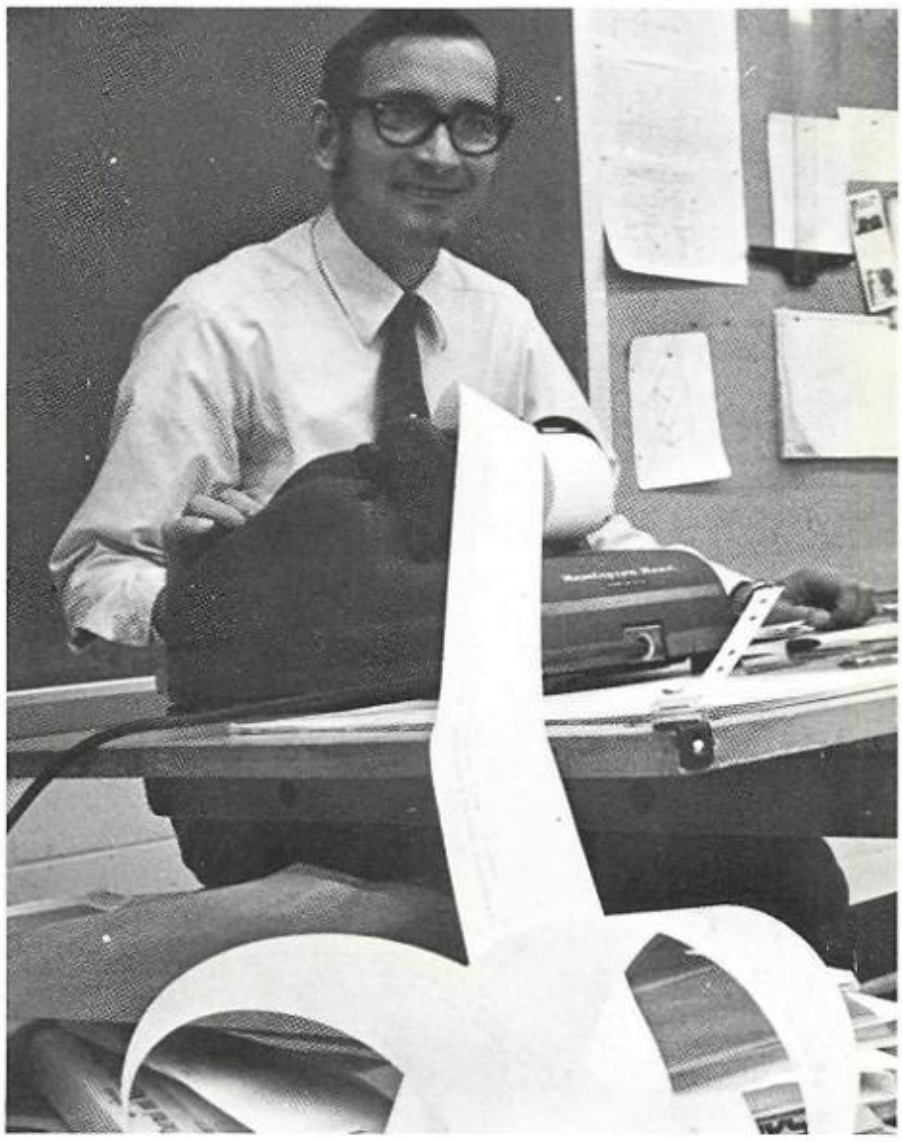


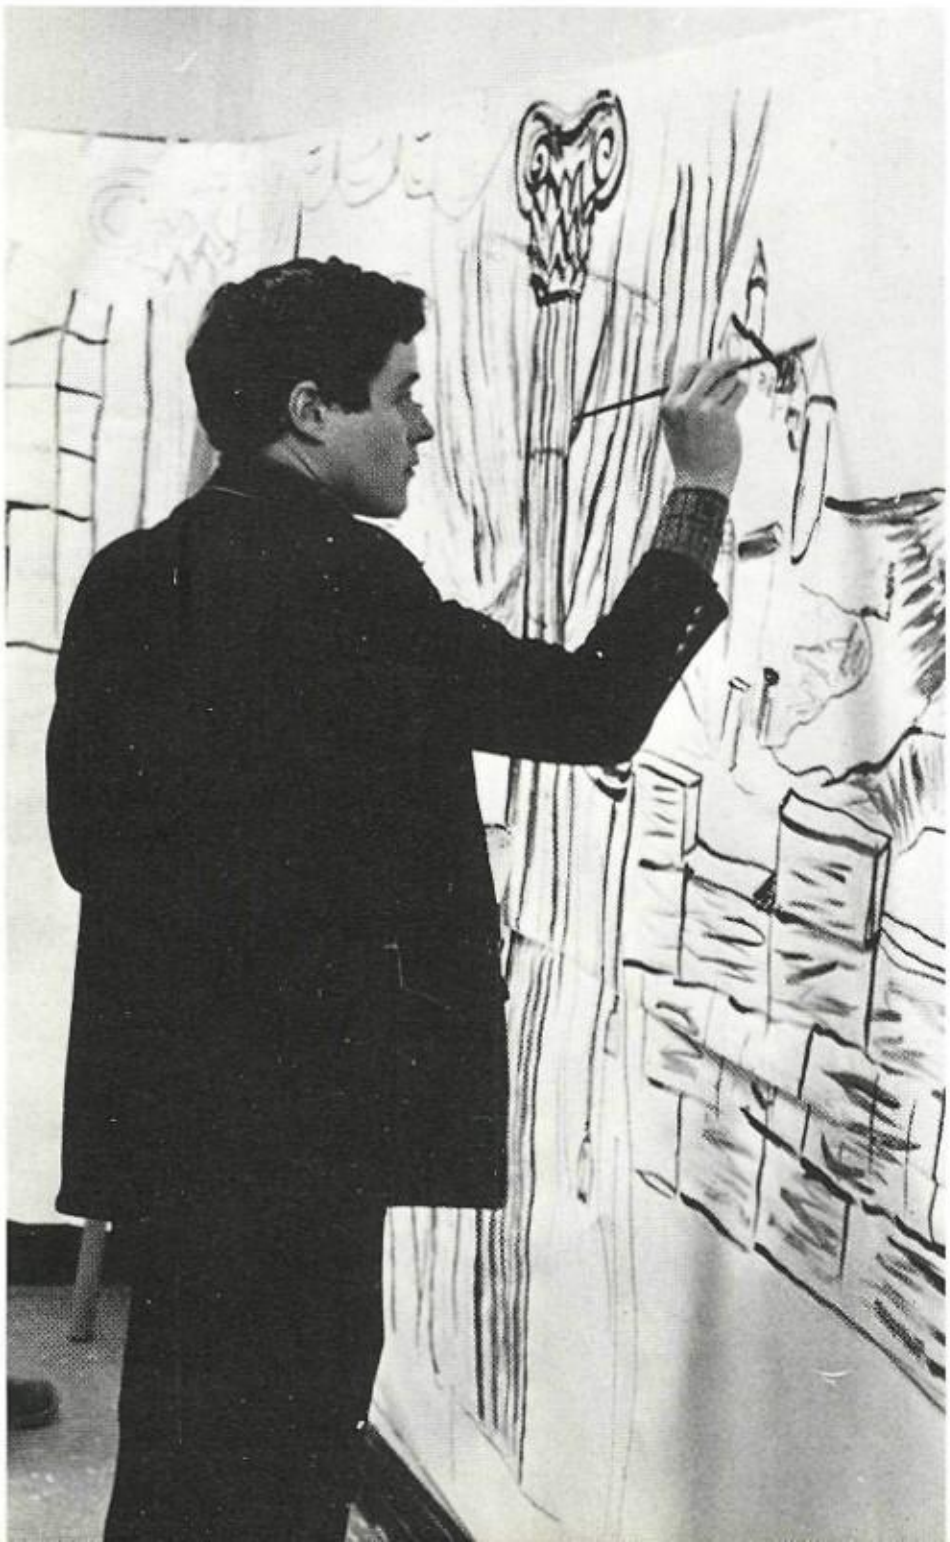
Mrs. Brown and Mr. Haas entertain the troops.

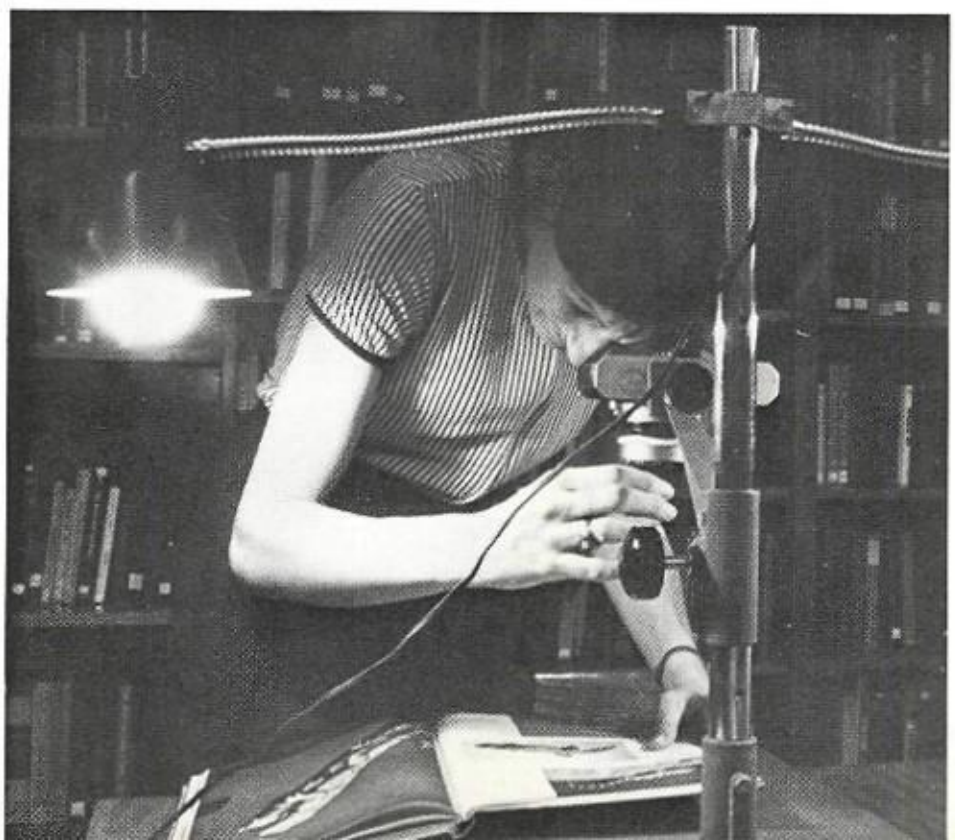
Thousand one, thousand two ...

Teaching: A Learning Process For Both The Student And The Teacher

Mr. Snell checks voltage of student-made batteries.

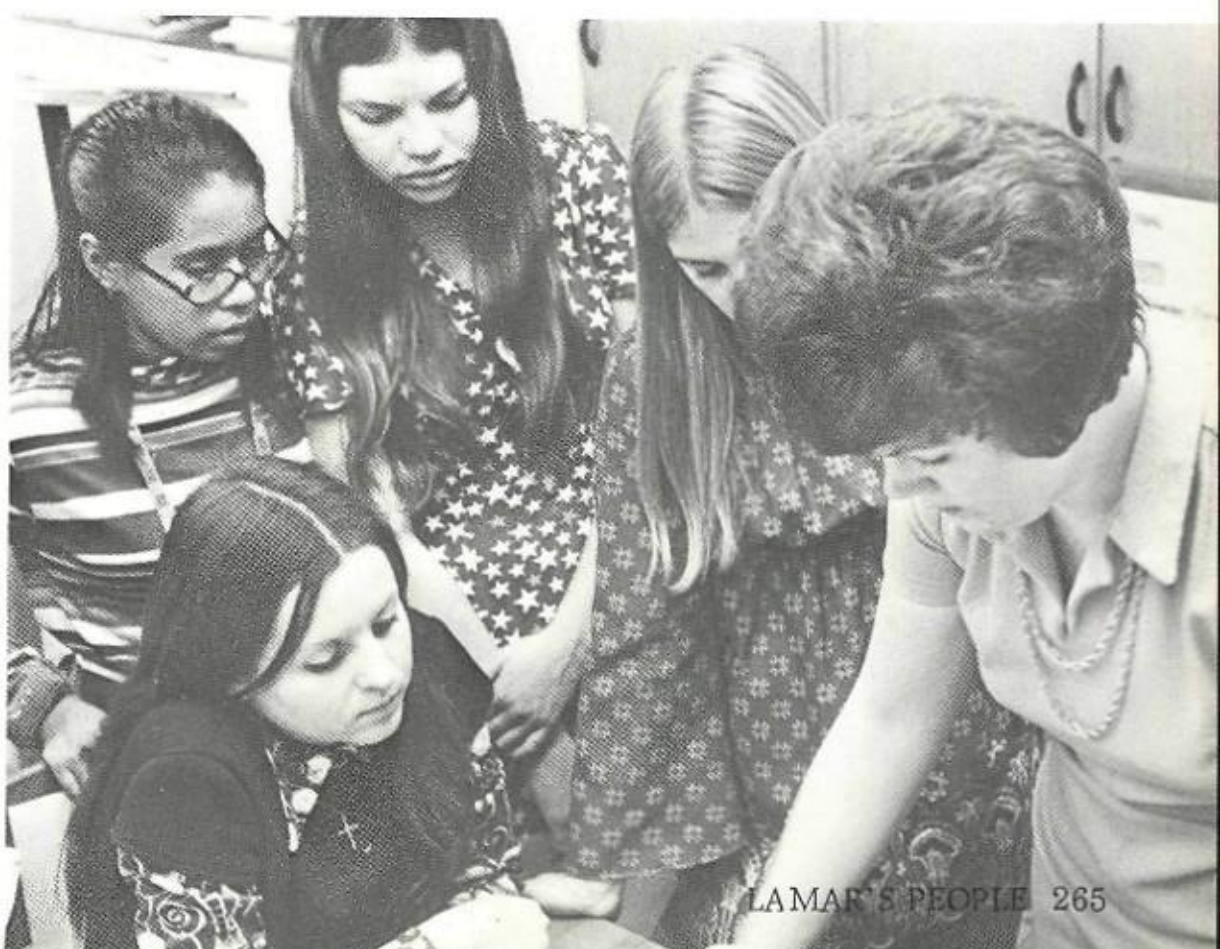




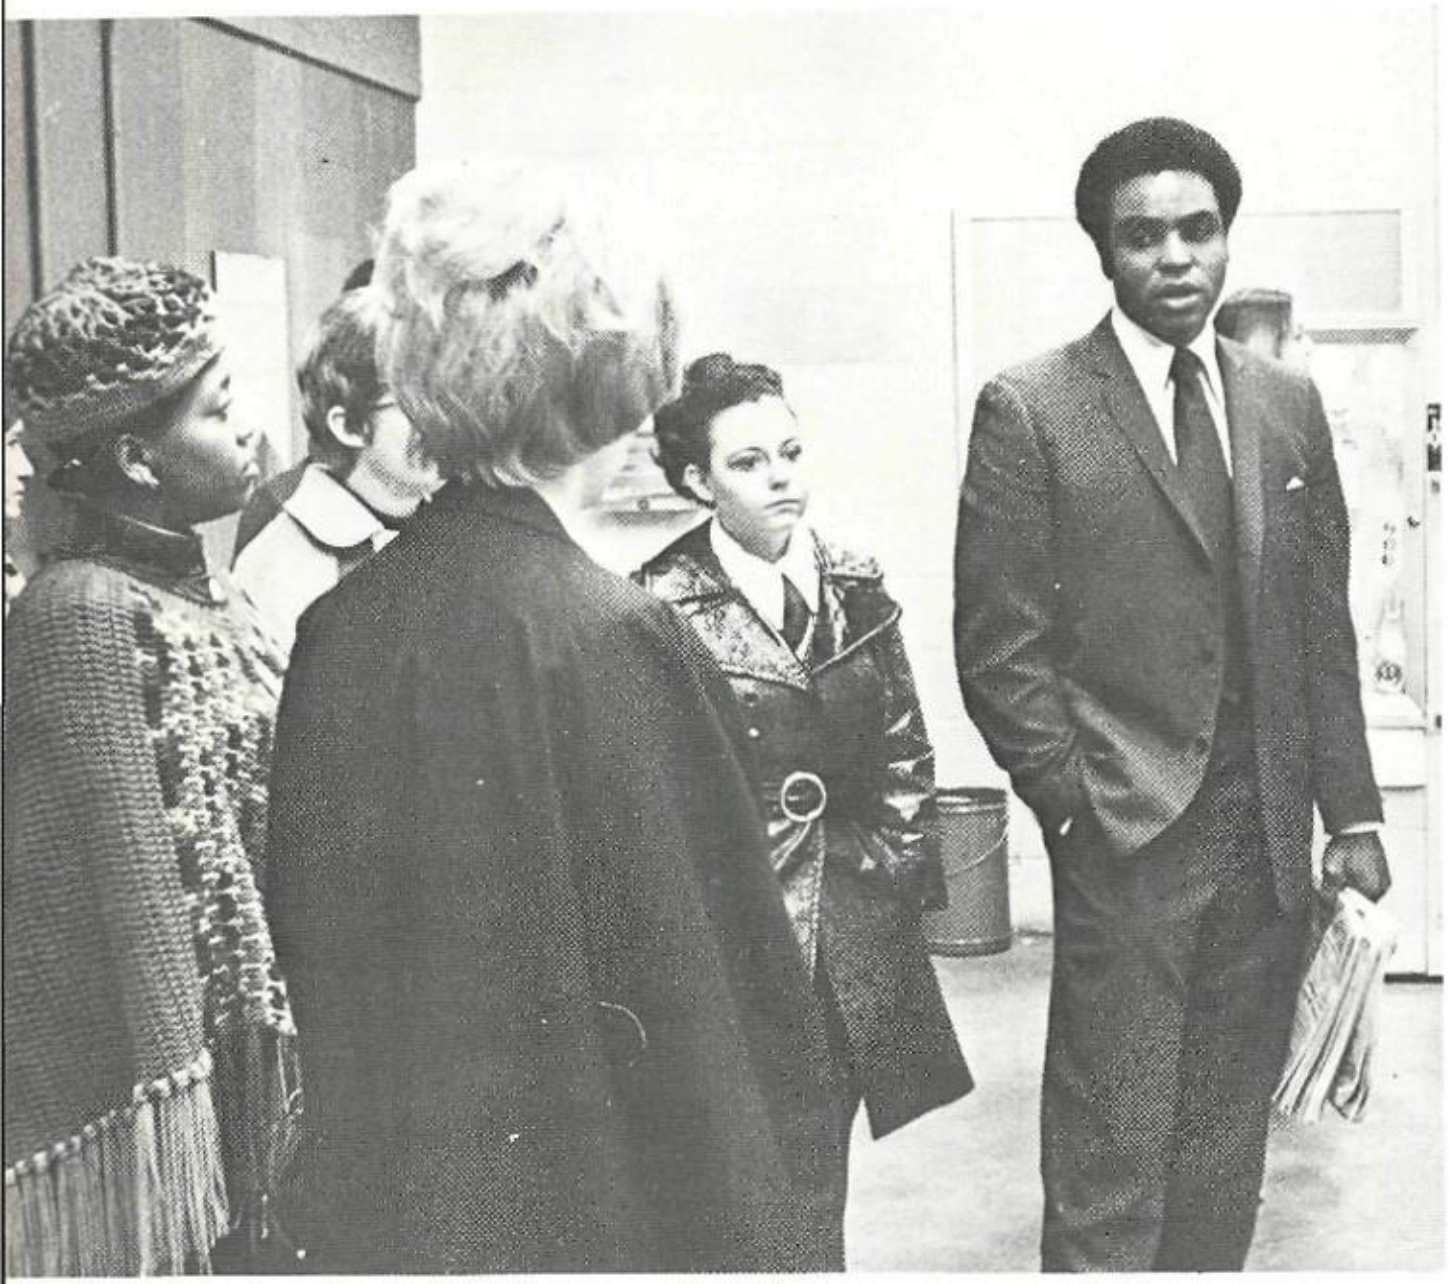


Faculty members listen to praise and criticisms by Lamar exes.

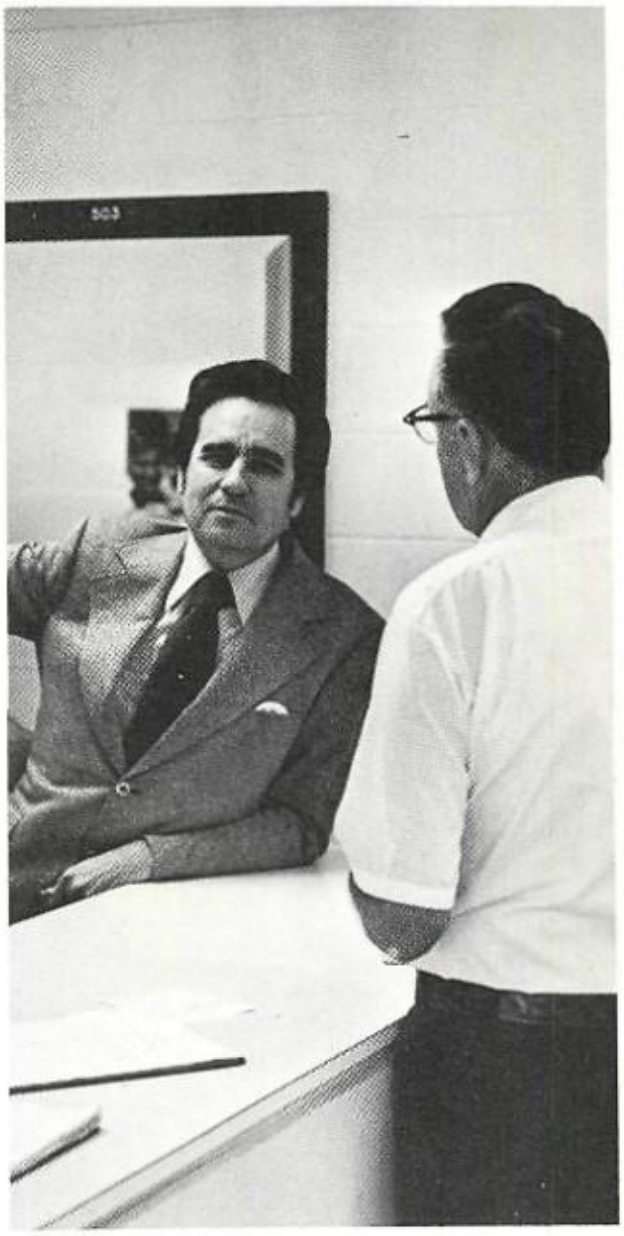
Mrs. Ebell explains the art of dissection.



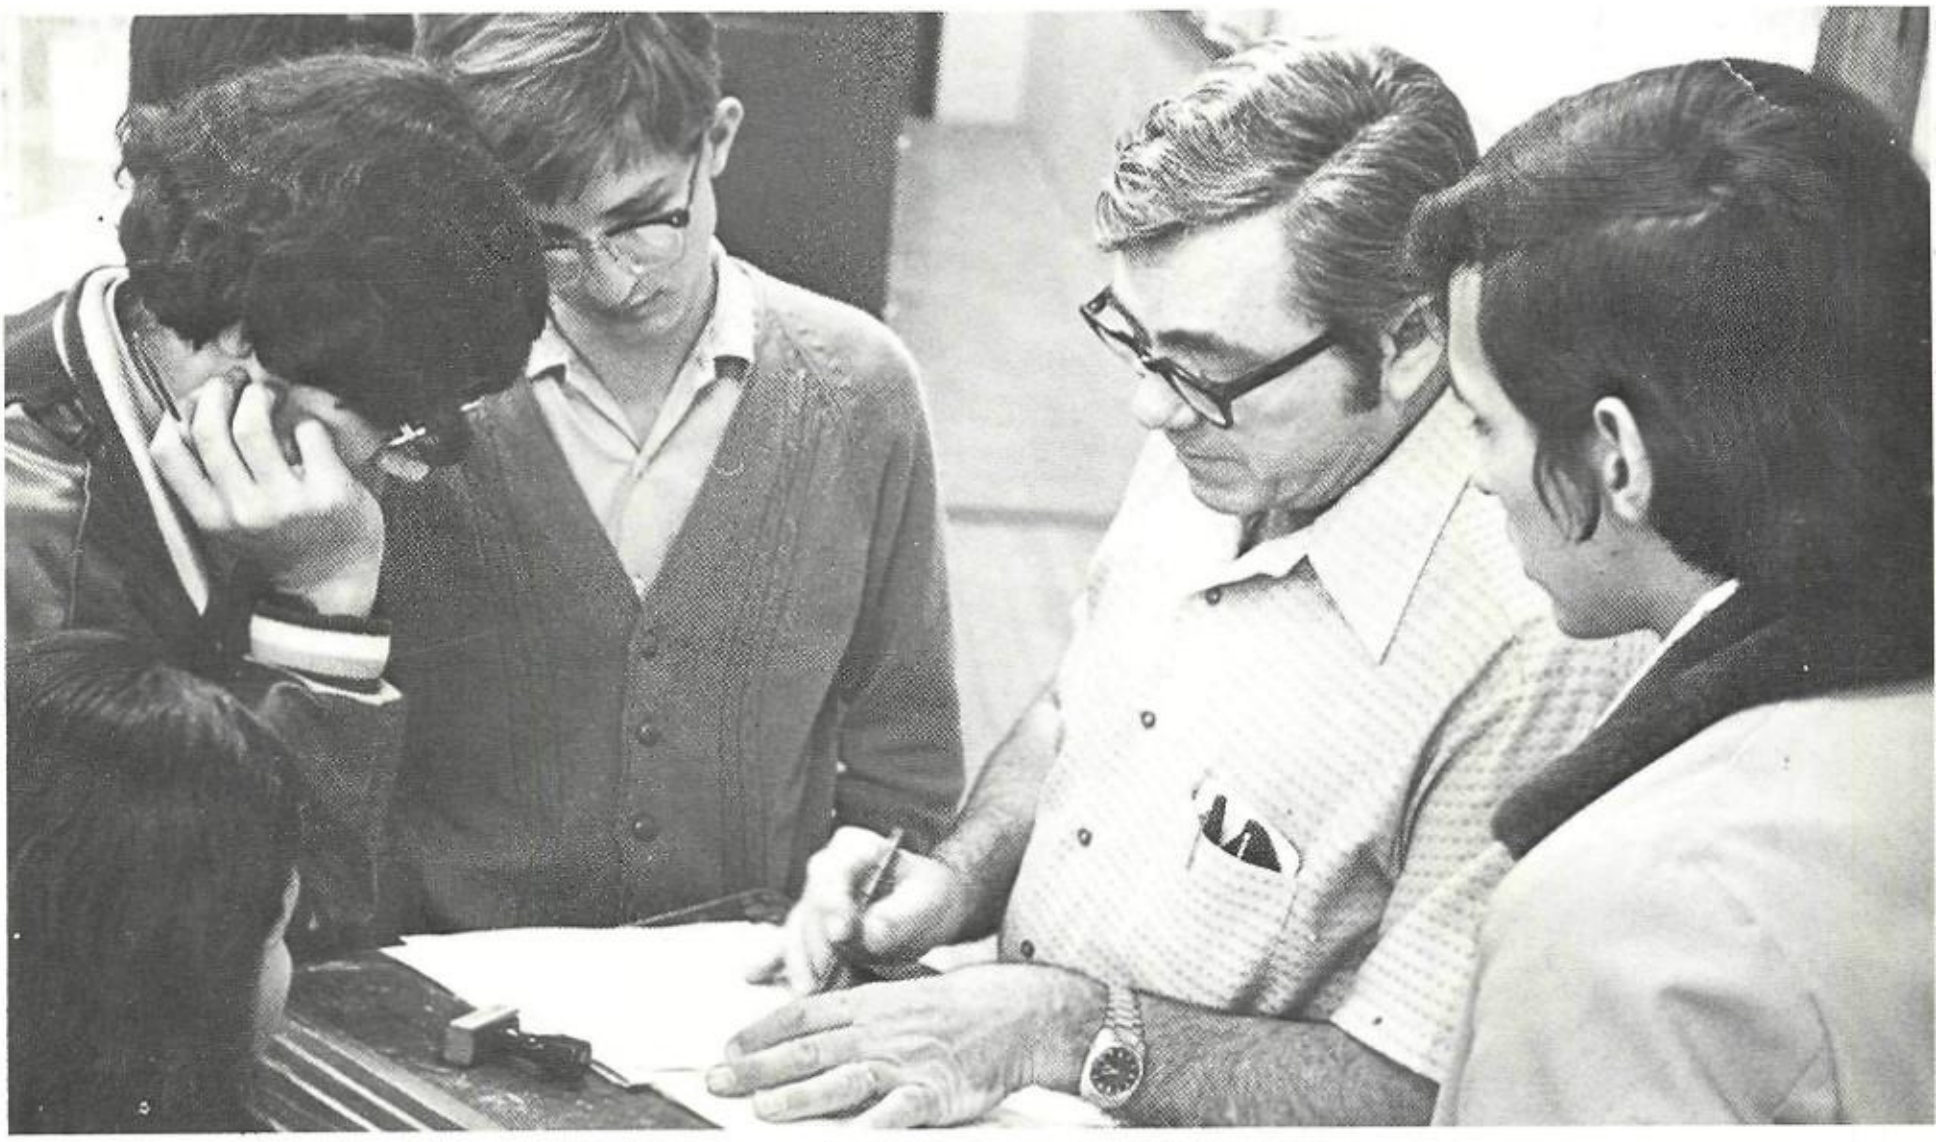
The Vocational Dept. Of Today Trains Young Adults In Skills Of Tomorrow



Mr. Wright acts as guide during vocational dept. tour.



MARVIN FINTO - Vocational Administrator.



Mr. Magness explains fundamentals of electronics.

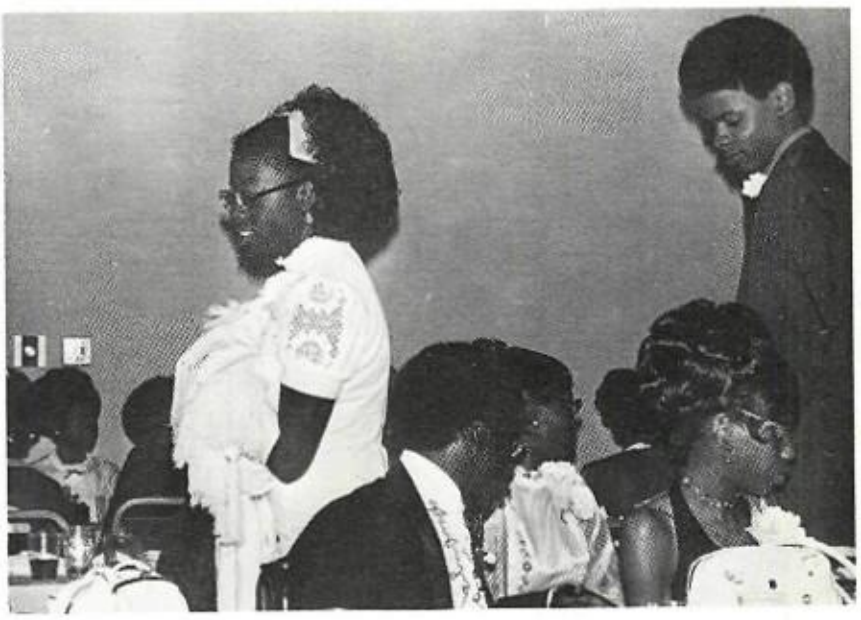
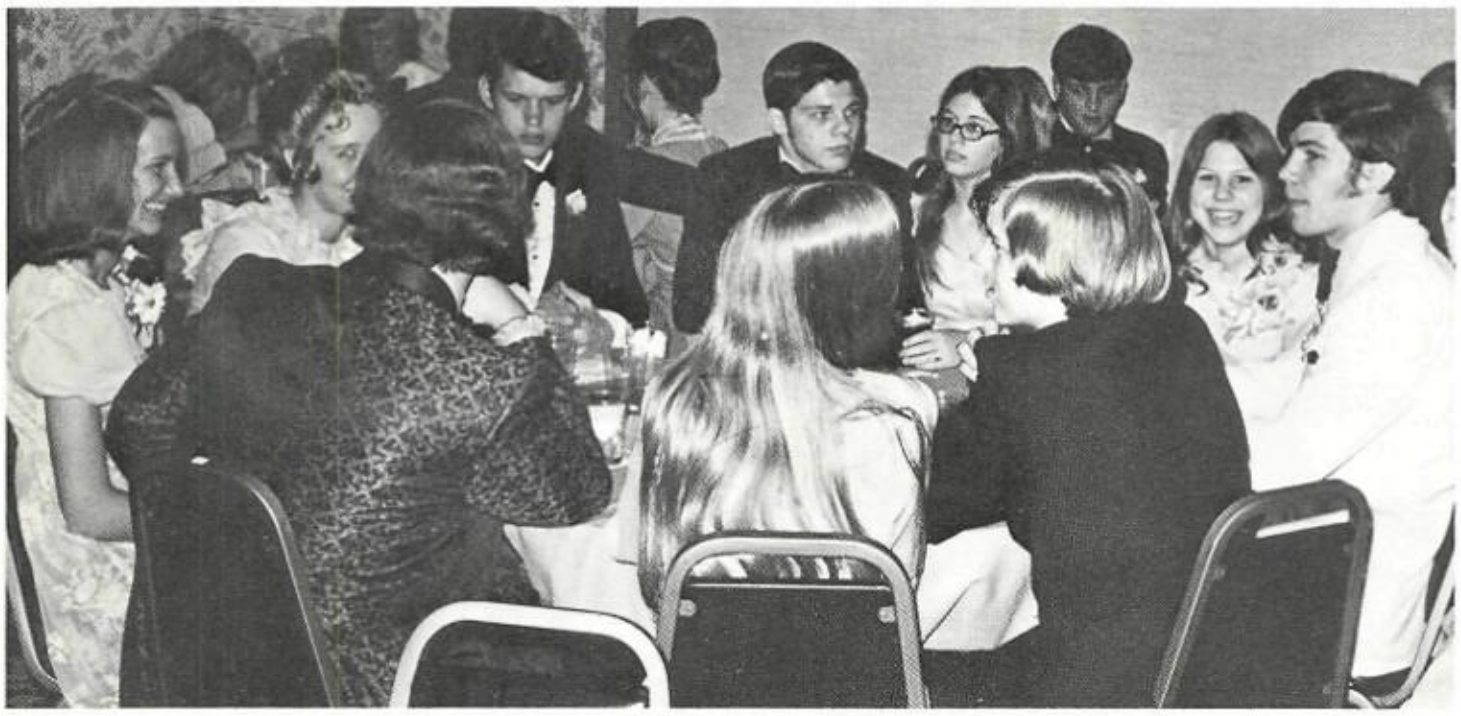
The warmth of being close to that "special" girl and the togetherness of being with your good friends makes being stuffed into a tux more bearable. Our Jr. Sr. Prom has always been one of the special moments of the 72-73 school year.

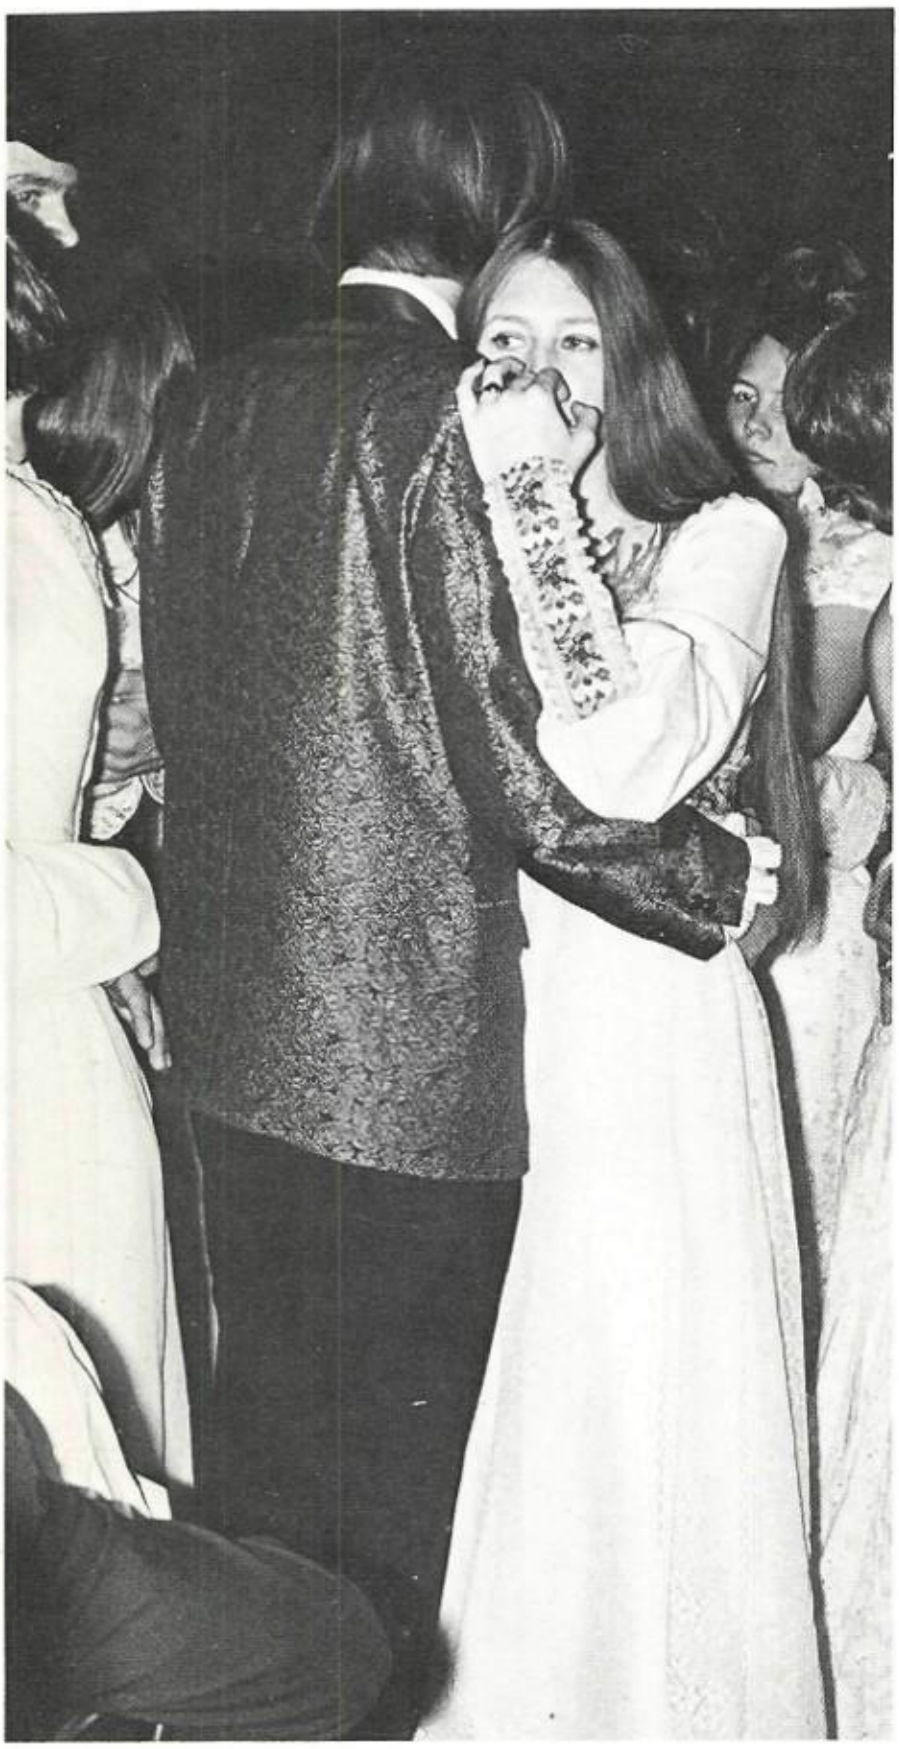
The Sheraton at Town and Country Village became the place to be on that night in MAY.

Did you forget the tickets???



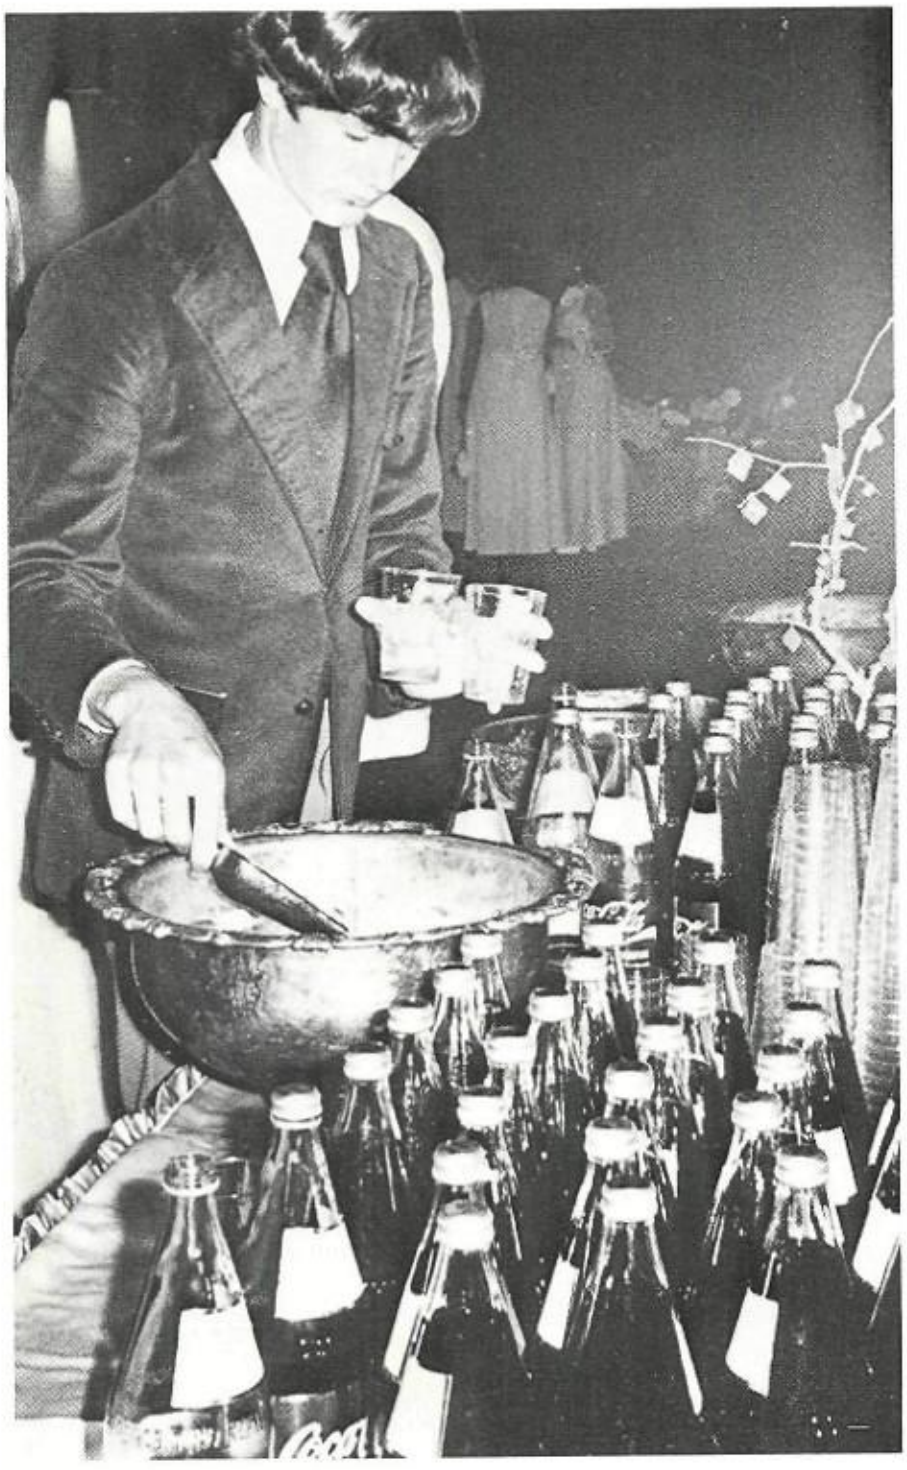
Mr. Meyer, a local photographer, assists by taking studio pictures.

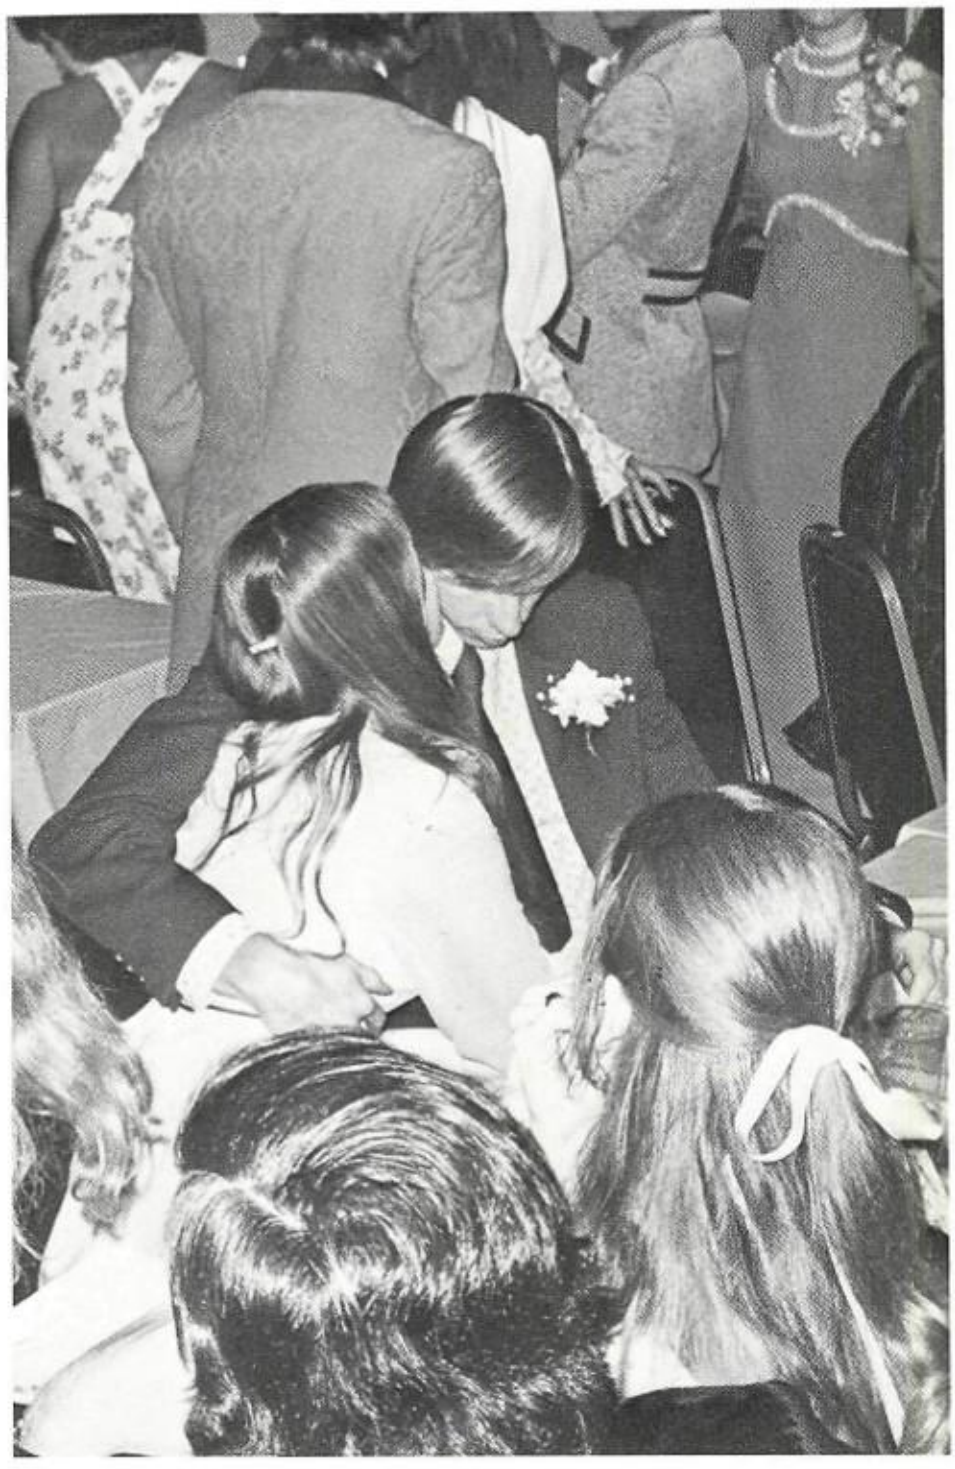




Music was provided by The New Brass Ensemble.

Nancy Pollan and Mike Hundl were awarded Prom Queen and King.

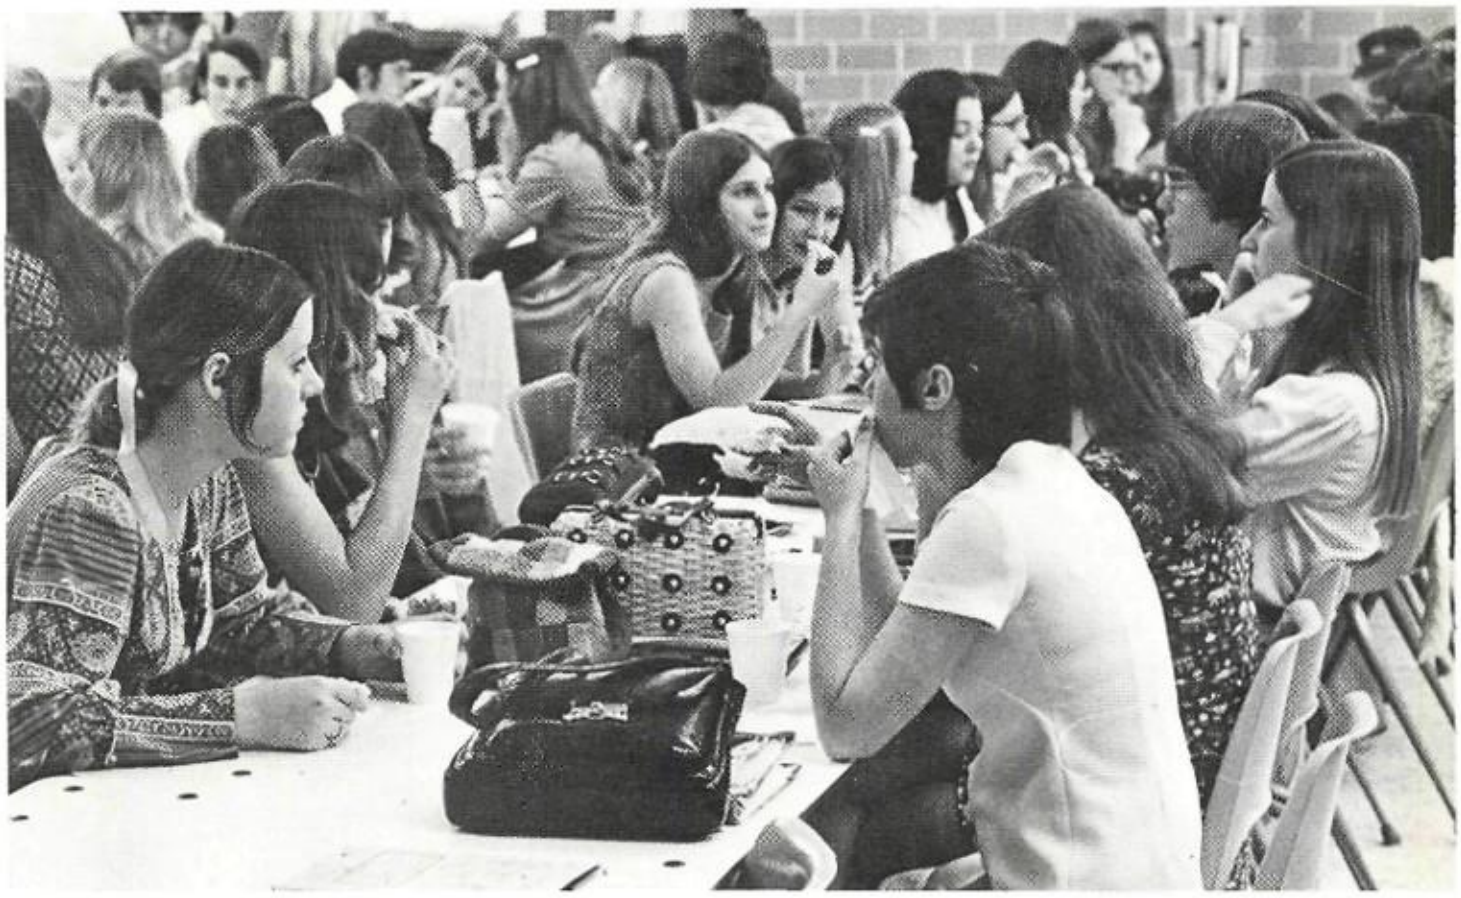


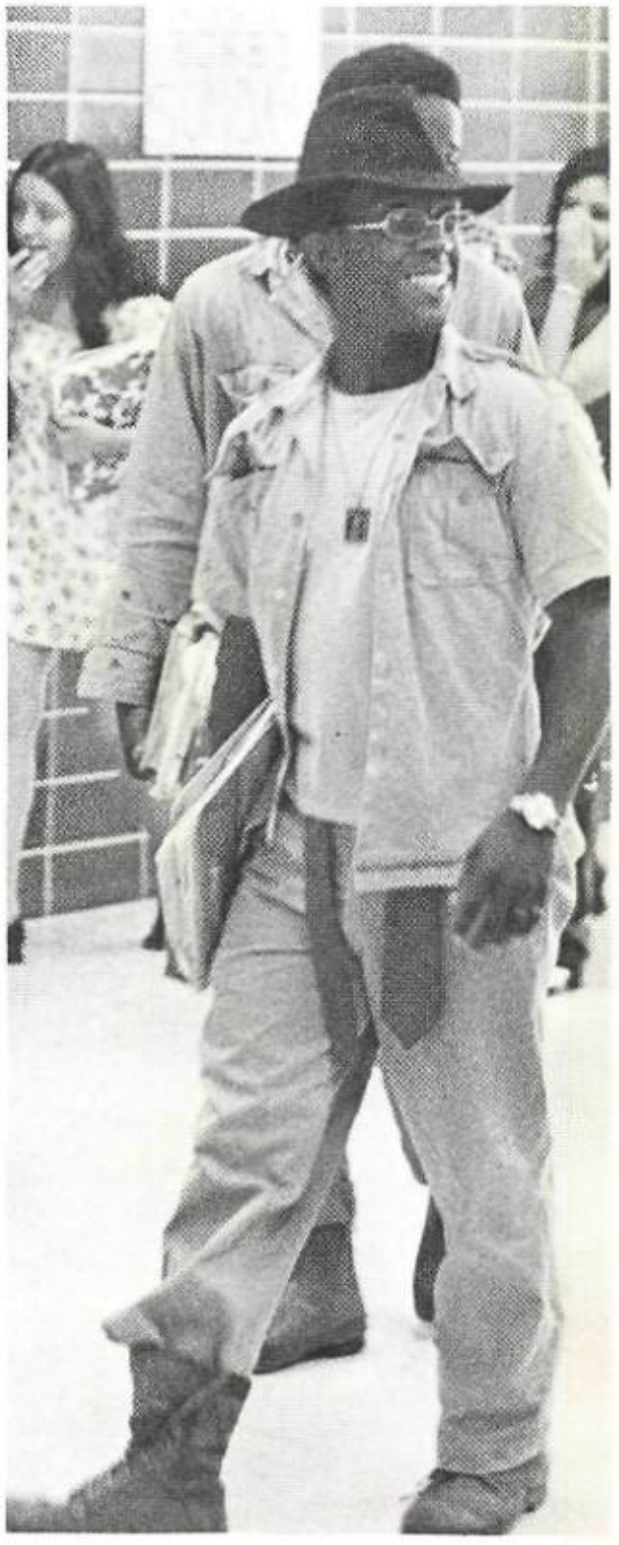


Dennis Dahse and Doyle Johnson are two junior sponsors.

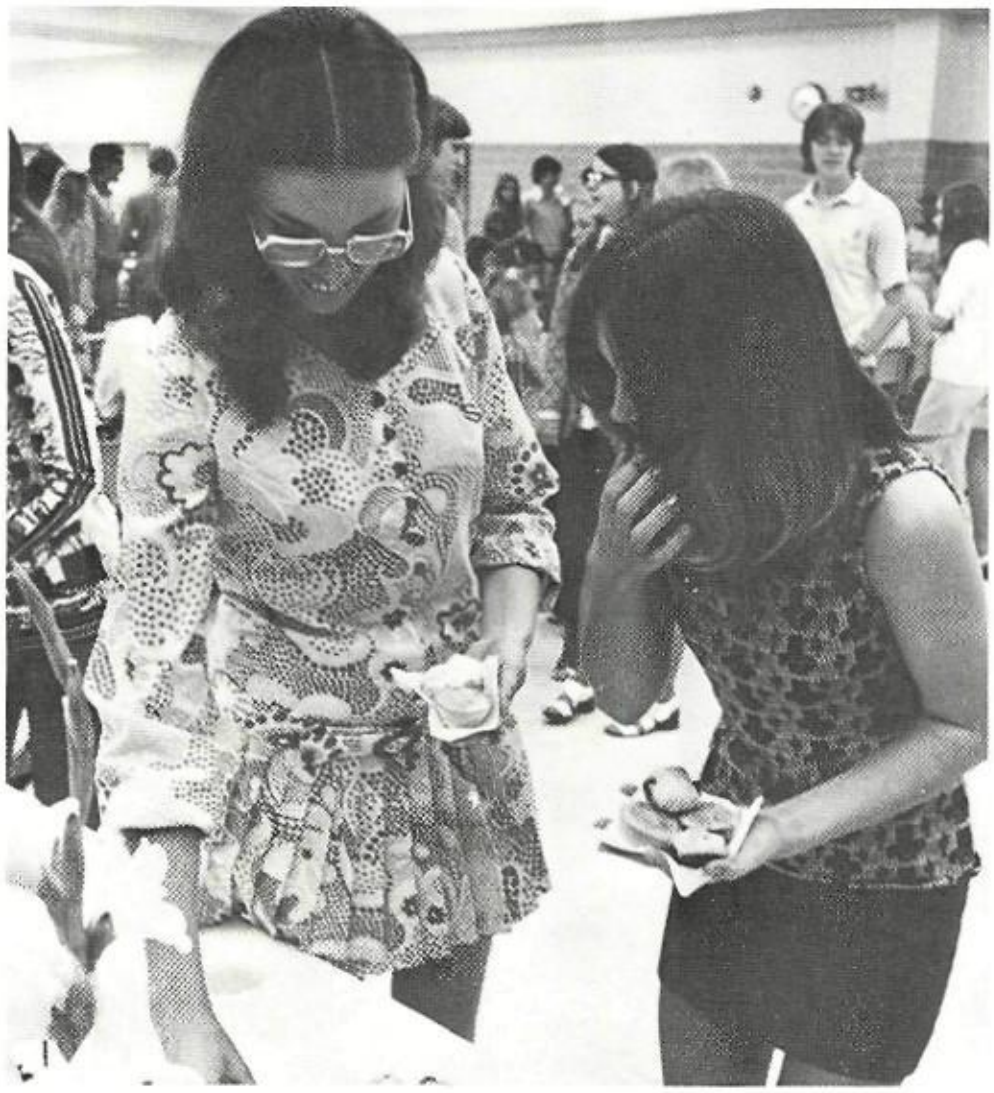
Good-night!

Senior "Kids" Combine Adolescence With





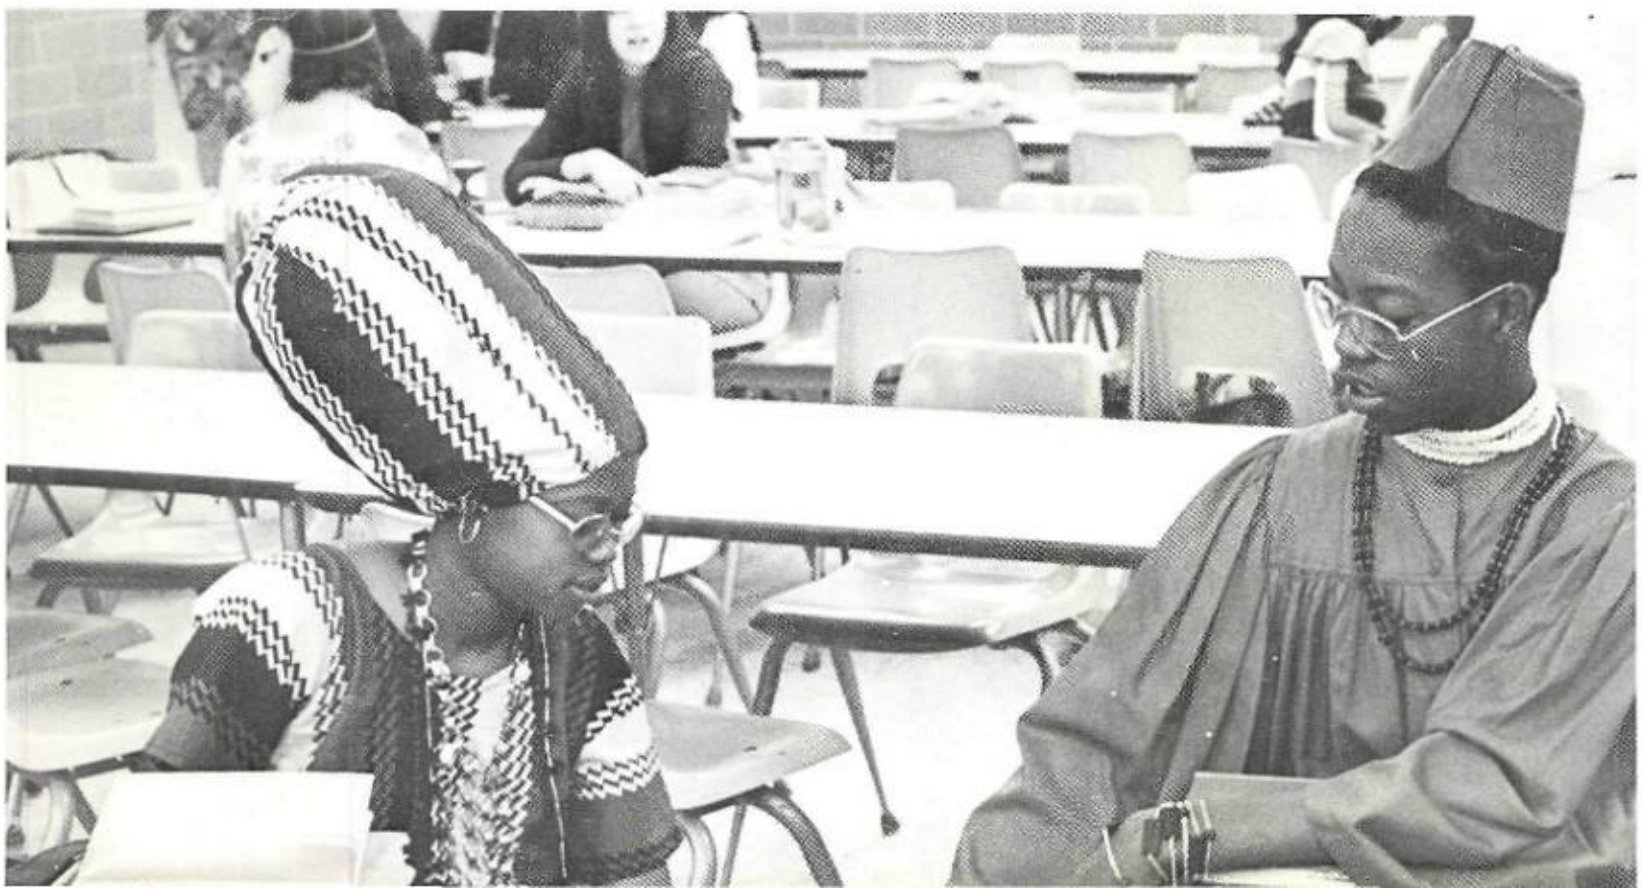
Adulthood Before "Out" Day



The annual Senior Week at Lamar began "Tacky Day" on Monday. Tuesday was set aside to honor the graduating class with a breakfast in the cafeteria.

Wednesday was class color day when seniors were requested to wear their selected colors of blue and silver. Thursday was declared "Heritage Day." Students were allowed to dress as their ancestors did.

On Friday, Senior Week was concluded with a dress up day.



A Buildup Of 12 Years Of Butterflies Finds This Moment To Flutter . . . Hard

Everything seems to flutter, gown, hands, feet, tassel you keep chewing, eyes and OH!) that perspiration slipping down my back. If I can just not blow the final moment. WIND! knock it off you're rocking the board.

Cheryl,
you're a wonderful person and a great friend! You've really been a great inspiration to me. I hope that our friendship can and will continue to grow as the years go on. Good Luck in all that you do!
May God Bless You Always!
Love,
Carolyn
Sis '76

Cheryl,
I can't believe how much you changed over the last few years. I got to know you really well last year and I know you and I and all the rest of us will leave Lanar truly changed. I will miss you this year. Good Luck to you in the future.
Love,
Jon

Cheryl,
I may not have seen you much last year, but I was still glad to be your friend. I hope our friendship lasts a long time and I am glad you are in my study hall this year. Good Luck in this last year of school!

Cheryl-
We had a
blast
last year in Hermon
I'm glad we didn't we?!
be different ways. This year will
forget all of our last year together. Don't
but most of all our great times in Hermon,
smiling always don't forget me! Keep

Love-
Faye (sis '76)
